

# Change in Payments to Michigan Local Health Departments for Services Fiscal Year 2022-23 to 2023-24

In Fiscal Year 2023-24, an additional \$25.0 million was appropriated for State payments to local health departments for essential local public health services. This funding was distributed according to the existing formula in an effort to meet statutory funding requirements. The map below displays the increase in funding experienced by each department due to this appropriation.

Note: Areas delineated by black borders share a single health department. Those without labels are represented by the county health department.
