*Note: " Article 9, Section 30 of the Michigan Constitution requires the State to maintain the proportion of State spending to local units of government in at least the same proportion as that which was in effect in FY 1978-79 (the base year). The base year proportion was originally computed to be 41.61%. However, effective with FY 1992-93, the base year was recalculated as a result of a 1991 settlement agreement reached in County of Oakland v. State of Michigan. The recalculated base year proportion is 48.97%.
