10 (3) An expenditure under this part and part 1 is authorized when the release of the
11 appropriation is approved by the board on the recommendation of the director. The director
12 may recommend to the board the release of any appropriation in part 1 only after the
13 director is assured that the legal entity operating the community college to which the
14 appropriation is made has complied with this part and part 1 and has matched the amounts
15 appropriated as required by this part and part 1. A release of funds in part 1 must not
16 exceed 50% of the total cost of planning and construction of any project, not including
17 lump-sum remodeling and additions and special maintenance, unless otherwise appropriated by
18 the legislature. Further planning and construction of a project authorized by this part and
19 part 1 or applicable sections of the management and budget act, 1984 PA 431, MCL 18.1101 to
20 18.1594, must be in accordance with the purpose and scope as defined and delineated in the
21 approved program statements and planning documents. This part and part 1 are applicable to
22 all projects for which planning appropriations were made in previous Public acts.

23 (4) The community college shall take the steps necessary to secure available federal
24 construction and equipment money for projects funded for construction in this part and part
25 1 if an application was not previously made. If there is a reasonable expectation that a
26 previous year unfunded application may receive federal money in a subsequent year, the
27 community college shall take whatever action necessary to keep the application active.

28 Sec. 19-874. If university and community college matching revenues are received in an
29 amount less than the appropriations for capital projects contained in this part and part 1,
30 the state funds must be reduced in proportion to the amount of matching revenue received.

31 Sec. 19-875. (1) The director may require that community colleges and universities
32 that have an authorized project described in part 1 submit documentation regarding the

1 project match and governing board approval of the authorized project not more than 60 days
2 after the beginning of the fiscal year.

3 (2) If the documentation required by the director under subsection (1) is not
4 submitted, or does not adequately authenticate the availability of the project match or
5 governing board approval of the authorized project, the director may terminate the
6 authorization. The authorization terminates 30 days after the director notifies the JCOS of
7 the intent to terminate the project unless the JCOS approves an extension of the
8 authorization.
