Sec. 226. (1) For any grant program or project funded in part 1 intended for a single recipient organization or unit of local government, the grant program or project is for a public purpose and the department shall follow procurement statutes of this state, including any bidding requirements, unless the department can fully validate, through information detailed in this part or public supporting documents, both of the following:

(d) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. To be eligible to receive a grant, a recipient must be a unit of local government, public authority or other political instrumentality as authorized by law, institution of higher education, other state department, entity registered with the department of licensing and regulatory affairs or the department of attorney general that has been in existence for at least the 12 months preceding the effective date of this act, or other entity that can demonstrate, through state or federal tax filings or other state or federal government records, that it has been in existence for at least the 12 months preceding the effective date of this act. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(e) Establish a standard timeline to review all documents submitted by grant recipients and provide a response within 45 business days stating whether submitted documents by a grant recipient are sufficient or in need of additional information.

(f) Make an initial disbursement of up to 50% of the grant to the grant recipient not later than 60 days after a grant agreement has been executed. Disbursements must be consistent with part II, chapter 10, section 200 of the Financial Management Guide.

(g) Disburse the funds remaining after the initial disbursement under subdivision (f) per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided

(3) A sponsor of a grant described in subsection (1) must be a legislator or the department. A legislative sponsor must be identified through a letter submitted by that legislator's office to the department and state budget director containing the name of the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of the section and subsection of the public act that authorizes the grant, as applicable. If a legislative sponsor is not identified before December 13, 2024, the department shall do 1 of the following:

The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the treasury any interest in excess of \$1,000.00 earned on the grant funds while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all funds expended by the grant recipient, as determined by the department.

(e) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(f) The signed legislative sponsorship letter required under subsection (3), incorporated into the grant agreement and included as an appendix or attachment.

(5) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(6) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audits as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient that the requirements of this subsection will be met.

(7) The grant recipient shall expend all funds awarded and complete all projects not later than September 30, 2029. If at that time any unexpended funds remain, the grant recipient shall return those funds to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2025, the department shall return funds associated with the grant to the state treasury.

(8) Any funds that are granted to a state department are appropriated in that department for the purpose of the intended grant.

(10) Except as otherwise provided in subsection (11), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of funds allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and shall post an updated report not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(11) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (10) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (10).

(12) As applicable, the legislative sponsor of a grant described in subsection (1) shall not sponsor a grant, or ask another legislator to sponsor a grant, if there is a conflict of interest related to the grant recipient.

(13) If the department reasonably determines that the funds allocated for an executed grant agreement under this section were misused or that use of the funds was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols.

Sec. 227. A department or agency required to submit a report under this part shall make each report readily accessible to the public and conspicuously post each required report on the department's or agency's Michigan.gov website not later than the due date required for each report. In addition to placing all reports required in the current fiscal year on the department or agency's website, the department or agency shall maintain on its website all reports placed on the website from previous fiscal years.

The state budget director may reallocate appropriated funds for the purpose of fully utilizing state fiscal recovery funds that are in jeopardy of not meeting the expenditure deadline for reasons that may include, but are not limited to, completed projects coming in under budget or funds unable to be fully used by subrecipients. The state budget director shall reallocate any of the funds reallocated under this subsection to the programs or purposes specified in this section. Any funds reallocated are unappropriated and immediately reappropriated for the following purposes:

(b) To reclassify general fund/general purpose appropriations for payroll and covered benefits for eligible public health and safety employees at the department of state police.

(2) All applicable guidance, implementation, and reporting provisions of Public Law 117-2 must be followed for state fiscal recovery funds reallocated and reappropriated under subsection (1).

(3) The state budget director shall notify the senate and house appropriations committees not later than 10 business days after making any reallocations under subsection (1). The notification must include the authorized program under which funds were originally appropriated, the amount of the reallocation, the program, or programs, or purpose, and the department to which the funds are being reallocated under subsection (1), and the amount reallocated to each program or purpose.

Sec. 991. Sec. 992. From the funds appropriated in part 1 for additional local prosecutor support, the department of treasury shall award a grant to an office of a county prosecutor in a county with a population between 109,000 and 110,000 according to the most recent federal decennial census for the purpose of reducing the average caseload per attorney in that office.

Sec. 993. (1) From the funds appropriated in part 1 for local prosecutor support grants, the department of treasury shall award grants to eligible offices of county prosecutors to reduce the average caseload per attorney. An office of a county prosecutor is eligible for a grant if the office meets all of the following requirements by October 31:

(a) The office receives the same amount of funding from the county for the fiscal year ending September 30, 2025 as the office received from the county in the immediately preceding fiscal year.

(b) The county is 1 of the 15 counties with the highest violent crime rate per 1,000 residents as determined for each county. The violent crime rate is calculated by first dividing the number described in subparagraph (i) by the number described in subparagraph (ii) and then multiplying the result by 1,000:

(i) The total violent crime incidents reported for the county according to the most recent annual crime report prepared by the department of state police that is available as of April 1 of the immediately preceding state fiscal year.

(ii) The total population of the county according to the most recent federal decennial census.

(c) The office of the county prosecutor must apply for a grant in a form and manner as determined by the department of treasury. (d) The office submits a report that includes, at a minimum, the current number of staff, average caseload per attorney, and local funding that supports the office of the county prosecutor.

(2) The amount of the grant to each office of a county prosecutor under subsection (1) is the greater of either of the following:

(a) The amount received under section 991 of article 5 of 2023 PA 119.

(b) Except as otherwise provided in subsection (3) or (4), an amount equal to the product of \$7.50 multiplied by the population of the county in which the office of the county prosecutor is located according to the most recent federal decennial census.

(3) If there is money remaining after grants are awarded under subsection (1), the remaining money must be distributed among the offices of county prosecutors that received a grant under subsection (1) on a per capita basis determined by the population of the county in which the office of the county prosecutor is located according to the most recent federal decennial census.

(4) If the total amount appropriated does not support the full grant amounts under subsection (2)(b), then the amount awarded to each county prosecutor that meets all of the requirements of subsection (1) shall be reduced on an equal per capita rate to the amount received under subsection (2)(b) that fully expends all of the appropriation in part 1.

(5) The department shall not use any of the funds appropriated under this section for administration.

(6) Not later than August 1, the department shall submit a report to the standard report recipients that includes all of the following:

(a) A list of all of the offices of a county prosecutor that received a grant under this section.

(b) The information required under subsection (1)(d).

(2) The unexpended funds appropriated for MiABLE outreach are designated as a work project appropriation, and any unencumbered or unallotted funds shall not lapse at the end of the fiscal year and shall be available for expenditures for the projects under this section until the projects have been completed. The following is in compliance with section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project is to promote the Michigan ABLE savings program and educate residents of this state about the availability of the Michigan ABLE savings program.

(b) The project will be accomplished by utilizing state employees or contracts with service providers, or both.

(c) The total estimated cost of the project is \$3,000,000.00.

(d) The tentative completion date is September 30, 2029.

Sec. 995. (1) The funds appropriated in part 1 for the secure retirement for small businesses that do not currently provide retirement options for private sector workers must not be spent or otherwise distributed unless House Bill No. 5461 of the 102nd Legislature is enacted into law. STATE BUILDING AUTHORITY

Sec. 1100. (1) Subject to section 242 of the management and budget act, 1984 PA 431, MCL 18.1242, and on the approval of the state building authority, the department of treasury may expend from the general fund of this state during the fiscal year an amount necessary to meet the cash flow requirements of those state building authority projects solely for lease to a state agency identified in both part 1 and this section, and for which state building authority bonds or notes have not been issued, and for the sole acquisition by the state building authority of equipment and furnishings for lease to a state agency as permitted by 1964 PA 183, MCL 830.411 to 830.425, for which the issuance of bonds or notes is authorized by an appropriations PA that is effective for the immediately preceding fiscal year. Any general fund advances for which state building authority bonds have not been issued must bear an interest cost to the state building authority at a rate that is not greater than the rate earned by the state treasurer's common cash fund during the period in which the advances are outstanding and are repaid to the general fund of this state.

(2) On sale of bonds or notes for the projects identified in part 1 or for equipment as authorized by an appropriations PA and in this section, the state building authority shall credit the general fund of this state an amount equal to the amount expended from the general fund plus interest, if any, as described in this section.

(3) For state building authority projects for which bonds or notes have been issued and on the request of the state building authority, the state treasurer shall make advances without interest from the general fund as necessary to meet cash flow requirements for the projects. The state building authority shall reimburse the state treasurer for the advances when the investments earmarked for the financing of the projects mature.

(4) If a project identified in part 1 is terminated after final design is complete, advances made on behalf of the state building authority for the costs of final design must be repaid to the general fund in a manner recommended by the director of the state building authority.

Sec. 1102. (1) The state building authority shall not release state building authority funding to a university or community college to finance the construction or renovation of a facility that collects revenue in excess of money required for the operation of that facility unless the university or community college agrees to use that excess revenue to reimburse the state building authority. The excess revenue received by the state building authority as reimbursement must be credited to the general fund to offset rent obligations associated with the retirement of bonds issued for the applicable facility. The auditor general shall annually identify and audit the facilities that are subject to this section. Costs associated with the administration of the audit must be charged against money received by the state building authority as reimbursement under this section.

(2) As used in this section, "revenue" includes state appropriations, facility opening money, other state aid, indirect cost reimbursement, and other revenue generated by the activities of the facility.

Sec. 1103.
