(1) Not later than 30 days after enactment of this act, the legislature shall provide to the department and the state budget director a list of legislatively directed spending items, which may be referred to in this section as grants or direct appropriation grants, funded in part 1 consistent with the house or senate rules and this section. The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform, at a minimum, at least all of the following activities to administer the grants described in subsection (1):

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department shall not reimburse expenditures

that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of \$1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

The department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Any balance of this revenue collected and unexpended at the end of the fiscal year lapses to the appropriate restricted fund.
