Sec. 221. (1) The state budget director shall take steps to ensure that all state fiscal recovery funds allocated to this state under the American rescue plan act of 2021, Public Law 117-2, are expended by December 31, 2026, as required by law. The state budget director may reallocate appropriated funds for the purpose of fully utilizing state fiscal recovery funds that are in jeopardy of not meeting the expenditure deadline for reasons that may

include, but are not limited to, completed projects coming in under budget or funds unable to be fully used by subrecipients. The state budget director shall reallocate any of the funds reallocated under this subsection to the programs or purposes specified in this section. (b) To reclassify general fund/general purpose appropriations for payroll and covered benefits for eligible public health and safety employees at the department of state police.

(2) All applicable guidance, implementation, and reporting provisions of Public Law 117-2 must be followed for state fiscal recovery funds reallocated and reappropriated under subsection (1).

(3) The state budget director shall notify the senate and house appropriations committees not later than 10 business days after making any reallocations under subsection (1). The notification must include the authorized program under which funds were originally appropriated, the amount of the reallocation, the program, or programs, or purpose, and the department to which the funds are being reallocated under subsection (1), and the amount reallocated to each program or purpose.

(4) The state budget director and the impacted departments may make the accounting transactions necessary to implement the reallocation and subsequent appropriation of funds as authorized in this section.

Sec. 222. (1) For any grant program or project funded in part 1 intended for a single recipient organization or unit of local government, the grant program or project is for a public purpose and the department shall follow procurement statutes of this state, including any bidding requirements, unless the department can fully validate, through information detailed in this part or public supporting documents, both of the following:

(a) The specific organization or unit of local government that will receive or administer the funds.

(b) How the funds will be administered and expended.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform at least all of the following activities to administer the grants described in subsection (1):

(a) Develop a standard application process, grantee reporting requirements, and any other necessary documentation, including sponsorship information as specified under subsection (3).

(b) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(c) Verify to the extent possible that a grant recipient will use funds for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(d) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. To be eligible to receive a grant, a recipient must be a unit of local government, public authority or other political instrumentality as authorized by law, institution of higher education, other state department, entity registered with the department of licensing and regulatory affairs or the department of attorney general that has been in existence for at least the 12 months preceding the effective date of this act, or other entity that can demonstrate, through state or federal tax filings or other state or federal government records, that it has been in existence for at least the 12 months preceding the effective date of this act. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(e) Establish a standard timeline to review all documents submitted by grant recipients and provide a response within 45 business days stating whether submitted documents by a grant recipient are sufficient or in need of additional information.

(f) Make an initial disbursement of up to 50% of the grant to the grant recipient not later than 60 days after a grant agreement has been executed. Disbursements must be consistent with part II, chapter 10, section 200 of the Financial Management Guide.

(g) Disburse the funds remaining after the initial disbursement under subdivision (f) per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(3) A sponsor of a grant described in subsection (1) must be a legislator or the department. A legislative sponsor must be identified through a letter submitted by that legislator's office to the department and state budget director containing the name of the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of the section and subsection of the public act that authorizes the grant, as applicable. If a legislative sponsor is not identified before December 13, 2024, the department shall do 1 of the following:

(b) A description of the project for which the grant funds will be expended, including tentative timelines and the estimated budget. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the treasury any interest in excess of \$1,000.00 earned on the grant funds while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all funds expended by the grant recipient, as determined by the department.

(e) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(f) The signed legislative sponsorship letter required under subsection (3), incorporated into the grant agreement and included as an appendix or attachment.

(5) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(6) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audits as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient that the requirements of this subsection will be met.

(7) The grant recipient shall expend all funds awarded and complete all projects not later than September 30, 2029. If at that time any unexpended funds remain, the grant recipient shall return those funds to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2025, the department shall return funds associated with the grant to the state treasury.

(8) Any funds that are granted to a state department are appropriated in that department for the purpose of the intended grant.

(9) The state budget director may, on a case-by-case basis, extend the deadline in subsection (7) on request by a grant recipient. The state budget director shall notify the chairs of the senate and house of representatives appropriations committees not later than 5 days after an extension is granted.

(10) Except as otherwise provided in subsection (11), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of funds allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and shall post an updated report not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(11) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (10) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (10).

(12) As applicable, the legislative sponsor of a grant described in subsection (1) shall not sponsor a grant, or ask another legislator to sponsor a grant, if there is a conflict of interest related to the grant recipient.

(13) If the department reasonably determines that the funds allocated for an executed grant agreement under this section were misused or that use of the funds was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols.
