CONTENT

The fiscal year (FY) 2025-2026 supplemental appropriations within part 1A of the FY 2026-2027 budget bill for the Department of Military and Veteran Affairs would appropriate \$152.0 million in Restricted revenue to Selfridge Air National Guard Base to support costs of runway encroachment solutions and compliance with air installation recommendations. This would include capital improvements to shift the runway to the north and infrastructure projects, roadway repair, improving vehicle access, stormwater drain and culverts, and other enhancements.

FISCAL IMPACT

The bill would require \$152.0 million in Restricted revenue, identified in boilerplate as unobligated work project balances, unobligated General Fund/General Purpose (GF/GP), and Federal funds, which would be eligible for Selfridge Air National Guard base infrastructure improvements. If the balance of these revenue sources were insufficient, the rest would have to come from the Countercyclical Budget and Economic Stabilization (i.e., the Rainy Day) Fund.

To date, \$60.3 million GF/GP has been appropriated to the Selfridge National Guard Air base for associated improvements, including in FY 2022-23 (\$9.3 million), FY 2023-24 (\$10.0 million), FY 2024-25 (\$15.0 million), FY 2025-26 (\$26.0 million). These funds, along with the proposed supplemental, combined with an anticipated \$800.0 million in Federal funds to be spent by the Federal government, are expected to provide base improvements needed to allow for a new generation of aircraft to be situated at the base.
