**Sec. 111. MICHIGAN STATE HOUSING DEVELOPMENT AUTHORITY (MSHDA)**

MSHDA is an independent authority within the DLEO. The MSHDA board consists of eight members, five of whom are appointed by the Governor with the advice and consent of the Senate to serve four-year terms. The remaining three seats are held by three heads of principal executive departments. The Authority oversees Federal housing programs, assists in ensuring affordable housing is available through the sale of tax-exempt bonds and notes, and providing grant funding to nonprofit organizations for rehabilitation. The MSHDA administers Federal programs that do not pass through the State budget such as the Neighborhood Stabilization Program. The MSHDA also provides homeownership counseling through contractors and provides foreclosure prevention assistance.

The MSHDA transferred from the Department of Energy, Labor, and Economic Growth to the Department of Treasury by EO 2010-2. Subsequently, EO 2011-4 transferred the MSHDA to the Michigan Strategic Fund within the Department of Treasury. EO 2014-12 transferred the MSHDA from the Department of Treasury to the Department of Talent and Economic Development as an independent Authority.

54. Community Development Block Grants 47,000,000

The MSHDA administers this Federal Department of Housing and Urban Development grant program. The State receives Federal funds that are awarded for projects benefiting low- and moderate-income areas within communities with a population of less than 50,000. (These are referred to as communities that do not have entitlement.) The grants can be used for the revitalization of neighborhoods, expanding affordable housing, and improving community facilities and services. States are permitted to develop individual plans for the awarding of these funds consistent with Federal guidelines which include:

- Acquiring real property;
- Reconstructing or rehabilitating housing;
- Building public facilities and improvements;
- Education and training;
- Assisting for-profit businesses with particular economic activities such as loans or assembling land;
- Providing government services for youths, seniors, or the physically/mentally challenged;
- Crime reduction initiatives;
- Down payment assistance for homebuyers;
- Building code enforcement.

The State plan also permits the use of these funds for urban redevelopment efforts. This effort includes downtown development, primary district gateway improvements, public improvements to SmartZones (areas that can use tax increment financing for business incubator facilities) and Renaissance Zones (designated areas with almost no state or local taxes), and enhancements to business parks.

In FY 2020-21, the initial budget included an additional \$15.0 million due to anticipated Federal revenue for COVID-19 economic relief.

In FY 2023-24, the line was moved from the MSF to MSHDA.

This line supports the administration of the Authority and related programs, including salary and fringe benefits for the Authority staff. Beginning with supplemental funding in FY 2012-13, the MSHDA director's salary was funded through the Department of Treasury unclassified line.

An FTE true-up added 56.0 FTEs in FY 2012-13. The State Historic Preservation Program was rolled into this line in FY 2013-14. In an FTE true-up, 26.0 unfunded FTE positions were eliminated from the line in FY 2017-18.

EO 2019-13 transferred the State Historic Preservation Office from MSHDA to MSF, which transferred 17.0 FTE positions to the Job Creation line item.

In FY 2023-24, \$2.8 million Federal funds and 10.0 FTEs was transferred from MSF to MSHDA in alignment with the transfer of the Community Development Block Grant funding from MSF to MSHDA as well.

In FY 2024-25, an additional 15.0 FTE position was included.

Eligible recipients include senior citizens, the physically/mentally challenged, and low-income families that meet the Federal income limits.

EO 2010-2 transferred the Land Bank from the Department of Energy, Labor, and Economic Growth to the Department of Treasury. Bonding functions moved to the Michigan Finance Authority. EO 2011-4 transferred this program from Treasury to MSF within Treasury. EO 2013-8 transferred the program to MSHDA. The budget increased funding by \$3,950,000 that brought the total appropriation for this program to \$5,250,000 for FY 2014-15. This additional funding was used 50% for operations costs and 50% for the Good Neighbor property management program to help maintain properties owned by the Land Bank. E.O. 2014-12 transferred the Land Bank from MSHDA to the Department of Talent and Economic Development as an autonomous unit.

**Background:** First included in FY 2020-21 to outline the use of General Fund dollars in the Pure Michigan program. In FY 2023-24, (4) was included and the language was modified to market towards residence outside of the state to move to Michigan. 504 **Pure Michigan, Local Promotion Fund.** (1) Creates the local promotion fund to deposit and spend funds collected from local units of government and non-profit entities. (3) Requires any unexpended balance at the end of the year to be disposed of in accordance with the management and budget act.

**Background:** First included in FY 2020-21 to create and outline the use of Private Promotion Fund dollars in the Pure Michigan program.

506 **Michigan Business Development and Community Revitalization Programs.** Language requires that the MSF provide a report of the prior year amendments to Michigan Business Development and Community Revitalization grants by March 15.

**Background:** This section was first included in FY 2018-19 when it was rolled out of section 1007, which had this language since FY 2013-14.

507 **MEDC and MSF Activity Report.** This language requires the MSF to provide a report by March 15 on the approved budget of the MEDC, expenditure, and revenues of the MSF, State and corporate FTEs, and the activities, programs, grants consistent with the preceding fiscal year, and a description of all subprograms funded with the business attraction and community revitalization.

**Background:** This language was added in FY 1999-2000 following the creation of this quasi-state Agency. As this Agency is structured differently than any other in State government, this section was included to ensure that sufficient information regarding expenditures was made available to the Legislature. It was revised in FY 2011-12 to delete a reference to a discontinued program. In FY 2012-13, the report date was changed, reporting of investments was added, as well as updates for new programs. In FY 2013-14, the elements of the former Sec. 1006 grant report was added to this section. A requirement to report activities from any fund source also was added in FY 2013-14. The performance metrics report requirement was added in FY 2014-15. The Business Services, Clear Air Ombudsman, and Film Incentives sections were removed, and the date was moved from February to March, 15 in FY 2016-17. In FY 2017-18, the comprehensive MEDC/MSF budget requirement was added to the activity report. **Community Core Language:** This language was added to an FY 1999-2000 supplemental bill to govern the expenditure of one-time funding of \$50.0 million for this program. The awards have all been made and were primarily in the form of a grant. The balance of this Fund lapsed back to the General Fund at the close of FY 2001-02. Occasionally a small award is made from this fund from monies returned from previous projects. In FY 2016-17, this language was rolled into this report.

**PART 2: BOILERPLATE DETAIL**  
**2024 PA 121**

- 508 **Interlocal Agreements.** This language requires the Agency to include in each interlocal agreement language that requires the Agency to work with private economic development agencies if the local unit of government is working with a private agency.  
**Background:** This language was added in FY 1999-2000 following the creation of the Agency.
- 509 **Purchase of Land.** This language places restrictions on the Agency regarding the purchase of land or the purchase of options on land. Requires that these purchases are made in economically distressed areas, or the land purchased at the invitation of the local unit of government and local economic development agency. It requires a report if land is purchased by the MEDC of MSF by March 15.  
**Background:** This language was added in FY 1999-2000 following the creation of this Agency. The ability to purchase land or land options was one reason provided to the Legislature for the need to create this Agency as a quasi-state agency. In FY 2017-18, the budget modified this section to only require a report if land is purchased by the MEDC or MSF in the previous year, before that, the report was required annual regardless of the land was purchased or not.
- 510 **Jobs for Michigan Investment Report.** Requires a report on the Jobs for Michigan Investment Fund. Report by March 15. The report shall include a detailed listing of all revenue, expenditures, and fund balance at the end of the fiscal year.  
**Background:** First included in FY 2014-15. The reporting date was moved from February to March, 15 in FY 2016-17.
- 511 **Compliance with the Management and Budget Act.** Requires that any unexpended funding appropriated to the Agency and transferred to the MEDC shall be subject to the Management and Budget Act unless by carry-forward authorization. Funds in the work project shall be preserved until cash or accrued expenditures have been executed or the time has expired.  
**Background:** This language was added in FY 2000-01. It ensures that unused funds are lapsed back to the General Fund and not carried forward. It was modified in FY 2013-14 to apply the language to all fund sources. In FY 2018-19, work project language was included.
- 512 **Compliance with Other Acts.** Requires the MEDC and the MSF be subject to the Freedom of Information Act, the Open Meetings Act, Annual Audits of the Auditor General, and Legislative reporting requirements.  
**Background:** This language was added in FY 2000-01.
- 513 **Private Fund Raising.** Prohibits those staff who are involved in private fundraising from being party to any decisions regarding the awarding of grants, incentives, or tax abatements from the Fund, critical incentive program, the Michigan strategic site readiness program, the 360 program, the MEDC, or the Michigan Economic Growth Authority.  
**Background:** This language was added in FY 1999-2000. It was modified in FY 2013-14 to apply to employees involved in awarding incentives. In FY 2024-25, included the critical incentive program, the Michigan strategic site readiness program, and the 360 program.
- 514 **Business Attraction and Community Revitalization.** Directs the Michigan Strategic Fund board to grant at least 20% of appropriations to this program in Part 1 for brownfield incentives and historic preservation incentives under the Community Revitalization program.  
**Background:** This section was added in FY 2011-12 to direct \$20.0 million in allocation to this program which replaces Michigan Economic Growth Authority (MEGA), brownfield, and historic preservation tax credits. It was updated in FY 2013-14 to refer to the Community Revitalization program being combined with Business Attraction.  
In FY 2019-20, the language was modified to cap up to 20% of the business attraction and community revitalization line item being used towards these programs.

**PART 2: BOILERPLATE DETAIL**  
**2024 PA 121**

- 515 **Michigan Film Office Report.** Requires an extensive report on the status of film incentives by March 1. The report is required to be filed by the Michigan Film Office in conjunction with the MSF and the Department of Treasury. Report requirements include Michigan Business Tax credits, Michigan Economic Growth Authority (MEGA) Act credits, loans, expenditures, and job creation. (5) quarterly report on the status of film incentives approved under MCL 125.2029h. The report must include direct and indirect economic impacts, job creation, and private investment attributable to the assistance.
- Background:** The report was added in FY 2008-09 and expanded in FY 2009-10. It was modified for FY 2012-13 to include report elements for appropriated film incentives. In FY 2016-17, it was modified to remove references to film incentives due to the incentive program being eliminated in FY 2015-16. In FY 2024-25, rolled in (5) from its own section.
- 516 **Business Incubators.** Requires that each entity that received funding in FY 2012-13 maintain its dashboard of indicators and reporting requirements. Requires reporting of a dashboard of indicators by March 1, and transmission of those reports to the legislature by March 15.
- Background:** In FY 2008-09 this was a line item for \$1,250,000 funded from Jobs for Michigan Investment Fund – Returns to Fund, the permanent fund that receives repayments and earnings from 21<sup>st</sup> Century loans and investments. Awards were made for incubators in the following counties: Berrien, Genesee, Macomb, Washtenaw, and Wayne. In FY 2009-10, the line was funded again from Jobs for Michigan Investment Fund – Returns to Fund. Funding for Isabella and Oakland counties was vetoed, however, leaving an appropriation of \$900,000 for incubators in Houghton, Ingham, Kalamazoo, Kent, Muskegon, and Washtenaw Counties, and the City of Detroit. Funding was not awarded, however, due to a re-interpretation of the statute creating the Investment Fund – Returns to Fund. The new interpretation limited the amount of the Returns to Fund that could be appropriated by the Legislature to the common cash earnings. As a result, only one incubator was funded in FY 2009-10 at an amount of about \$60,000. In FY 2010-11 the fund source was changed to 21<sup>st</sup> Century Jobs Trust Fund, the eligible local governments changed from Ingham County to the City of Lansing and reinstated the previously vetoed incubators in Isabella and Oakland Counties.
- The program was revised again in FY 2011-12 by removing funding to Lansing, Kalamazoo County, and Muskegon County. The Isabella funding was restricted to a satellite site in Midland County.
- In FY 2012-13, the funding amounts were changed, and Mason County, Ingham County, and an auto technology accelerator (Automation Alley) were added as recipients. The boilerplate in FY 2012-13 required awards to incubators or accelerators in the following areas: Detroit, Houghton, Isabella, Kent, Macomb, Oakland, Washtenaw, and Midland Counties (A Mason County incubator that provides services to Lake, Mason, Manistee, and Oceana Counties), and an accelerator that provides services in at least eight counties (Automation Alley).
- FY 2013-14 language did not make any new awards but continued reporting requirements for existing recipients.
- The 2015-16 budget removed intent language that any additional funding will be based on the performance of the program and the results reported in the dashboard indicators.
- 517 **Arts and Cultural Grants.** Directs the Michigan Council for Arts and Cultural Affairs to operate an arts and cultural grant program. Requires the program to maintain the equitable geographic distribution of funds and use past arts grants programs as a guideline. Application materials must be available by October 1. Application fees may be charged and used to cover the administrative expenses. A report of the grant awards is made to the legislative offices within one day of grants being awarded. Prohibits the use of any funding from this grant line for administration. (2) capped administration at 3.0% of appropriations. (3) to award \$250,000 to the Traditional Arts Program and (4) to award \$1.0 million to Concert of Colors.

PART 2: BOILERPLATE DETAIL

2024 PA 121

**Background:** This language was added to the MSF budget when the Arts and Cultural Grant program transferred to MSF in FY 2009-10 when the Department of History, Arts and Libraries was abolished. The language was simplified and shortened, reflecting the reduced resources available for this program. In FY 2013-14, the authority to use up to \$100,000 from the grant line was deleted and replaced with a prohibition on using any grant funds for MSF administrative costs. This reflected additional GF/GP funding added to the Job Creation Services line and 2.0 additional FTE positions for arts grant administration.

In FY 2023-24, language was removed that prohibited funds from being used for administration.

In FY 2024-25, included (2), (3), and (4).

518 **Transfer of Appropriations to Other Funds.** Directs that GF/GP appropriations in part 1 for business attraction and community revitalization shall be transferred to the 21<sup>st</sup> Century Jobs Trust Fund (CJTF) per MCL 125.2090b. States that the 21<sup>st</sup> Century Jobs Trust Fund is appropriated and available for allocation as authorized by the MSF Act, MCL 125.2001 to 125.2094.

**Background:** New in the MSF budget for FY 2013-14. This section implements the transfer of certain GF/GP appropriations to restricted funds per statute. The language also authorizes spending from the restricted funds without additional appropriation. These transfers apply to GF/GP appropriations for business attraction and community revitalization which are transferred to the 21<sup>st</sup> Century Jobs Trust Fund (and thus become subject to the requirements of the 21<sup>st</sup> Century Jobs Trust Fund) and GF/GP appropriations for film incentives which are transferred to the Film Promotion Fund. References to Film Incentives were removed in FY 2016-17

519 **Business Attraction Report.** Requires a quarterly report from the Fund listing the number of funds considered appropriated, pre-encumbered, encumbered, and expanded. The report also shall include a listing of funds that have lapsed back to the fund from any prior-year appropriations by current year appropriation and each work project for any previous fiscal years.

Each year shall include the amount claimed, certified, and pending. Projections will be based on the estimates of employees, wages, and benefits.

**Background:** First included in FY 2016-17.

521 **Tax Credit Transfer Notification.** Requires notification to the legislature if a tax credit is transferred to a business that increases total state liabilities

**Background:** This language was first included in FY 2017-18, because of a MEGA tax credit being transferred to a company that existed in a Brownfield Redevelopment Zone, which caused the total state tax liability to increase beyond the original amount.

522 **Business Attraction Metric Report.** Includes metric compliance for business attraction appropriations. Metrics include the total number of jobs created, the private investment obtained, and the amount of private and public square footage created and reactivated. Requires a report to be issued by March 15.

**Background:** First included in FY 2017-18.

523 **State Historic Preservation Program - Receive and Expend.** Permits the State Historic Preservation Program to use any revenue received for document reproduction, services, and application fees to defray the costs of providing the services. The revenue carries forward.

**Background:** The section was formerly part of the budget for the Department of History, Arts, and Libraries, then transferred to MSHDA in the DELEG budget in FY 2009-10 and moved to the Treasury budget for FY 2010-11. EO 2019-13 transferred the State Historic Preservation Office from MSHDA to MSF.
