## SUMMARY

---

On February 7, 2024, Governor Gretchen Whitmer presented her Executive Budget recommendations for fiscal year (FY) 2024-25 and budget projections for FY 2025-26. Public Act (PA) 389 of 2018 requires the Governor to propose a budget for the upcoming fiscal year and the following fiscal year. Pursuant to an Attorney General's letter opinion issued on February 9, 2011, the Governor is allowed to propose a two-year budget and the Legislature can enact a two-year budget, but the second year would only be an expression of an "intent to appropriate", not binding or legally enforceable. Beginning with FY 2020-21, the Governor also produced a five-year strategic plan for the State in addition to submitting the budget recommendation to the Legislature. This overview will focus on Governor Whitmer's FY 2024-25 appropriation recommendation.

This document provides an overview of the Governor's Executive Budget Recommendation. Detailed information can be found in the accompanying appendices, which include tables and other relevant materials. The appendices, indicated by a number, will provide the comprehensive detail behind all the changes proposed by the Governor for FY 2024-25.

### Appendices

- Table 1 outlines the sources of funding for each department and budget area
- Tables 2-4 compare the Governor's FY 2025-26 recommendation with current FY 2024-25 year-to-date appropriations
- Table 5 shows the proposed changes in the number of full-time equated (FTE) positions
- Table 6 provides a summary of one-time appropriations by department and fund source
- Table 7 shows the proposed one-time appropriations by fund source
- Table 8 displays the estimated State payments to local units of government for FYs 2024-25 and 2025-26
- Tables 9 and 10 present the GF/GP and School Aid Fund (SAF) balance sheets for FY 2024-25 and FY 2025-26
- Table 11 shows a summary of the overall changes and Tables 12-18 provide the details for overall changes
- Table 19 shows FY 2025-26 School Aid budget changes proposed by the Governor
- Tables 20-24 provide further detail regarding major budget areas (Community Colleges, Universities, Revenue Sharing, Economic Adjustments, Debt Service, Merit Award Trust Fund)
- Table 25 Tobacco Settlement Revenue and Appropriations for FY 2024-25 Compared to FY 2025-26 Governor's Recommendation
- Table 26 includes the three supplemental requests for FY 2024-25 that accompanied the Governor's FY 2025-26 proposal
- Tables 27 and 28 provide information on fee proposals
- Table 29 lists projects recommended in the Michigan Natural Resources Trust Fund supplemental request 2025-3
- Table 30 provides historical State spending in select budget areas

# SUMMARY CONTINUED

## PROPOSED ADJUSTMENTS TO GF/GP REVENUE

The FY 2025-26 budget recommendation from the Governor is based on the estimates agreed to on January 10, 2025, at the Consensus Revenue Estimating Conference (CREC). The recommendation includes one proposed tax change: a tax on vaping and nontobacco nicotine products, along with several fee proposals discussed later in the report.

**Table A**

Proposed Ongoing Adjustments to GF/GP Revenue (dollars in millions)		
	FY 2025-26	FY 2026-27
<b>Ongoing</b>		
Vaping Tax	\$42.8	\$57.0
<b>Totals: Ongoing</b>	<b>\$42.8</b>	<b>\$57.0</b>

## PROPOSED SUPPLEMENTALS FOR FY 2024-25

The Executive budget recommendation includes three supplemental requests for FY 2024-25. The three supplementals are summarized in [Table B](#) and discussed in more detail later in this report.

**Table B**

FY 2024-25 Supplemental Recommendations by Fund Source					
Budget Area/Program	Gross	Federal	Local and Private	State Restricted	GF/GP
Supplemental 2025-1 (GEN.)	\$510,504,100	\$104,356,300	\$13,360,200	\$12,368,500	\$380,419,100
Supplemental 2025-2 (EDUC.)	(54,800,000)	0	0	(54,800,000)	0
Supplemental 2025-3 (DNR)	41,766,000	0	0	41,766,000	0
<b>Total FY 2024-25 Supplemental Requests</b>	<b>\$497,470,100</b>	<b>\$104,356,300</b>	<b>\$13,360,200</b>	<b>(\$665,500)</b>	<b>\$380,419,100</b>

# SUMMARY CONTINUED

## PROPOSED BUDGET FOR FY 2025-26

The Governor recommends FY 2025-26 Gross appropriations of \$84.8 billion and Adjusted Gross appropriations of \$83.5 billion. [Table C](#) illustrates the fund sources in the Governor's recommendation. [Figures A](#) and [B](#) illustrate the total funding by source and major spending category. Compared with FY 2024-25 year-to-date appropriations (including enacted, but not yet effective, but excluding proposed supplementals), the Governor's FY 2025-26 budget includes an appropriation increase of \$1.9 billion, or 2.3%; an increase in State Spending from State Resources (the sum of State Restricted plus GF/GP) appropriations of \$900.0 million, or 1.9%; and an increase in GF/GP appropriations of \$400 million, or 2.7%.

**Table C**

FY 2024-25 Year-to-Date (YTD) and FY 2025-26 Governor's Recommendation (dollars in billions)				
	FY 2024-25 YTD*	FY 2025-26 Governor	Dollar Change	Percent Change
Gross	\$82.9	\$84.8	\$1.9	0.4%
IDGs	1.3	1.3	0.0	0.0
Adjusted Gross	81.6	83.5	1.9	2.3
Federal	33.9	34.9	1.0	2.9
Local/Private	0.5	0.5	0.0	0.0
State Restricted	32.3	32.8	0.5	1.6
GF/GP	14.9	15.3	0.4	2.7

\*As of 2/5/25; does not reflect the Governor's proposed supplementals

The Governor's budget proposal includes \$1.5 billion in one-time funds and \$82.0 billion in ongoing spending. The FY 2025-26 budget is roughly \$1.9 billion Adjusted Gross above the FY 2024-25 budget (as of 2/5/25) and \$394.9 million GF/GP above the current year appropriations.

New programs and program increases account for roughly \$1.1 billion in GF/GP spending, offset by the removal of \$1.3 billion GF/GP in one-time appropriations. The largest GF/GP spending increase proposed for FY 2025-26 is \$112.2 million for Federal matching funds and bridge improvements in the Transportation budget, followed by \$66.8 million for university operations. The budget also proposes \$50.0 million GF/GP to be deposited into the Budget Stabilization Fund (BSF) and a \$78.7 million GF/GP repayment to the Federal government for disallowed psychiatric payments to hospitals.

## SUMMARY CONTINUED

---

On the School Aid side of the budget, student mental health and safety payments would be funded at \$150.0 million, consolidation grants \$150.0 million, and best practices, career and technical education (CTE), and transportation costs each would see \$125.0 million in one-time funding under the Governor's budget proposal, and best practices would see a further \$107.0 million in ongoing funding. The foundation allowance (along with operational increases for universities and community colleges) would increase by 4.1%, at a cost of \$516.0 million. Other school aid supports (special education, at risk funding, bilingual education, and others) would see similar increases, and some areas are proposed to see additional dollars. The budget proposal includes \$341.0 million SAF deposited into various restricted sub-funds (for the School Aid BSF, transportation, and consolidation).

The Governor also includes \$591.5 million to reflect statutory changes that reduced the Michigan Public School Employees' Retirement System (MPSERS) rate that schools pay for costs related to retiree healthcare payments. This affects both the K-12 and community colleges budgets. (Note that costs had already been included in FY 2024-25 so this is a continuation of the prior year, adjusted for cost changes.)

Under the Governor's proposed budget, the SFA estimates that the estimated year-end balance in the General Fund would be \$43.7 million. In the SAF, the estimated year-end balance would be \$18.4 million.

The following pages graphically illustrate large components of the budget. Extensive detail is provided in the Appendices at the end of the report.

## FY 2024-25 YEAR-TO-DATE VERSUS FY 2025-26 GOVERNOR'S RECOMMENDATION DIFFERENCES

Department detail can be found in the Tables noted above, located in the Appendix.

## FY 2025-26 GOVERNOR'S RECOMMENDATION ONE-TIME APPROPRIATIONS BY FUND SOURCE

The FY 2025-26 recommendation includes appropriations that the Governor has designated as either "ongoing" or "one-time". The proposed FY 2025-26 one-time appropriations sum to an Adjusted Gross total for all budget areas of \$1.5 billion. The Governor's budget includes a recommended deposit for the BSF for FY 2025-26 of \$50.0 million. [Table 6](#) provides a summary of one-time appropriations by Department, and [Table 7](#) details one-time appropriations recommended for each department.

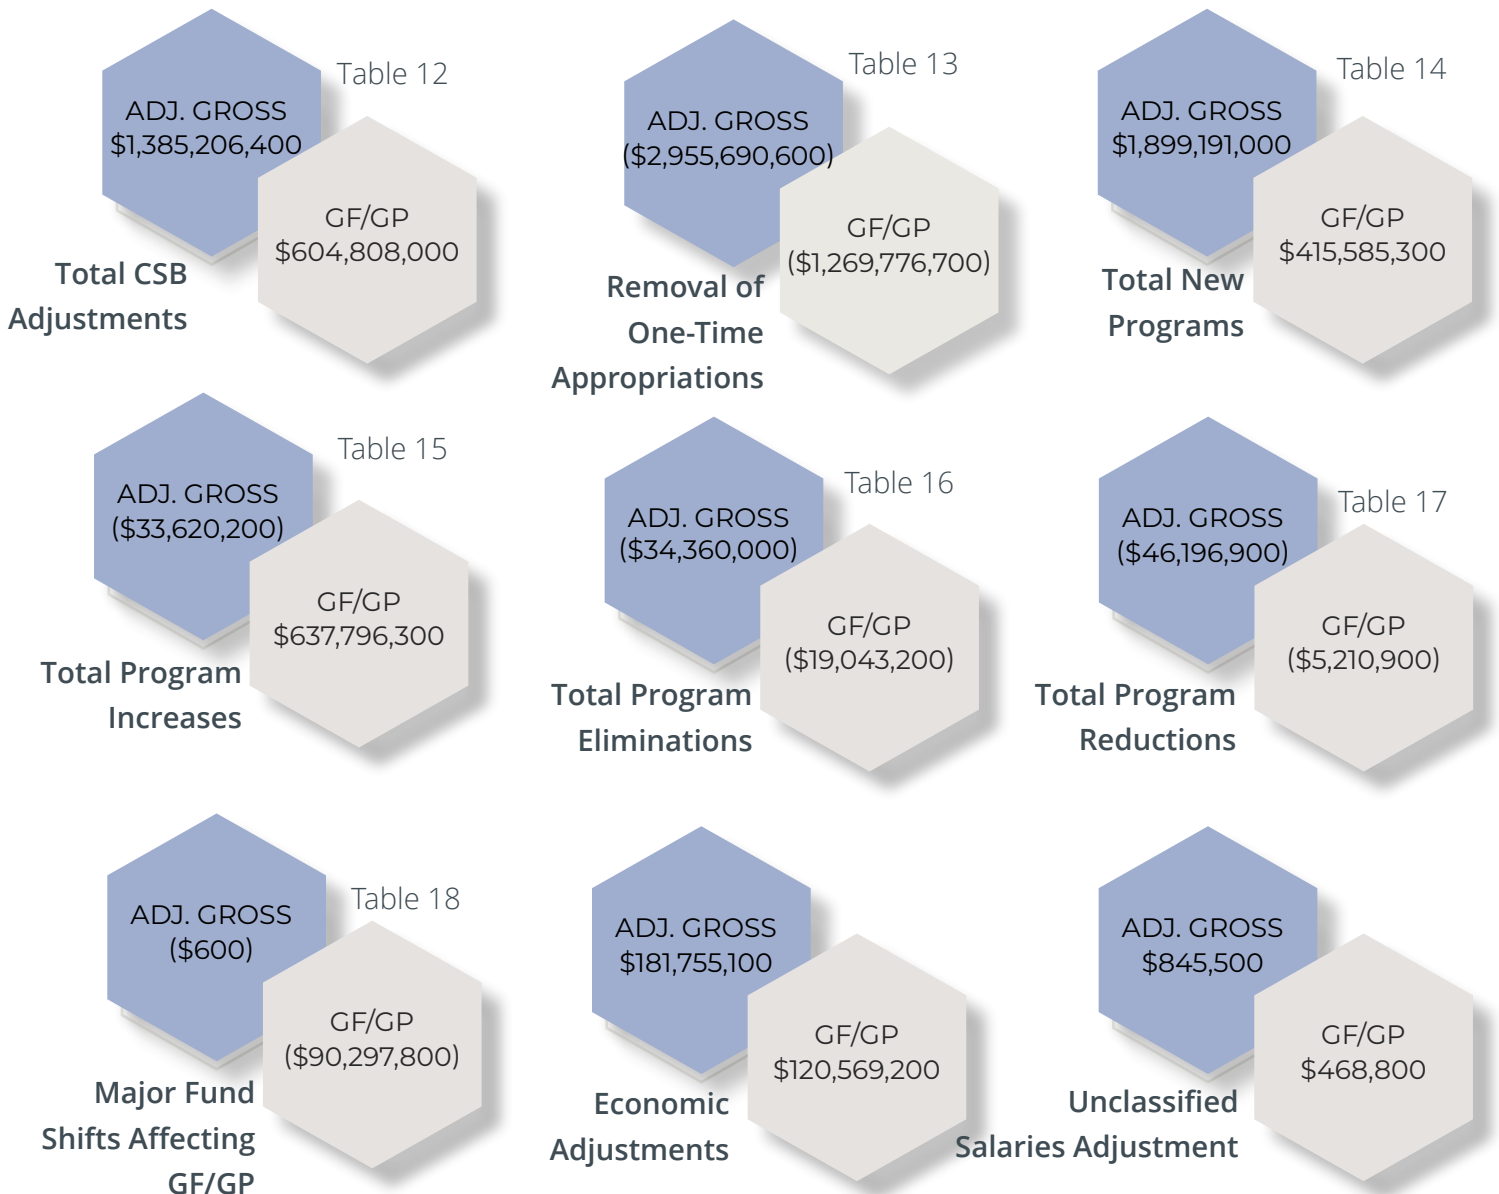

# **FY 2025-26 GROSS AND GF/GP BUDGET CHANGES**

# GOVERNOR'S APPROPRIATIONS RECOMMENDATION

## Summary of Changes From FY 2024-25 Year-To-Date Adjusted Gross and General Fund/General Purpose Appropriations

The total dollar changes from FY 2024-25 to FY 2025-26 are an increase of \$1.9 billion Adjusted Gross and an increase of \$400 million GF/GP. [Table 11](#) shows that the \$400.0 million GF/GP increase consists of removing \$1.3 billion in FY 2024-25 one-time funding, a \$600,000 increase in current services baseline (CSB) costs, \$400.0 million for new programs, \$600.0 million of funding increases, a \$19.0 million reduction from program eliminations, \$5.2 million of program reductions, and an increase of \$121.0 million due to economic and unclassified salaries' adjustments. [Tables 12-18](#) provide the details for most of these changes.

Department detail can be found in the Tables noted above, located in the Appendix.

# **MAJOR BUDGET AREAS APPROPRIATION SUMMARIES**

*This page is intentionally blank*

# CAPITAL OUTLAY, HIGHER EDUCATION AND COMMUNITY COLLEGES

## CAPITAL OUTLAY

Governor Whitmer's budget for FY 2025-26 does not recommend any capital outlay projects for a planning or construction authorization. However, the State Budget Office received, reviewed, and scored a total of 23 priority project requests: eight from universities, and 15 from community colleges. If all 23 scored projects were funded, they would have a total cost of \$1.1 billion with the State's share at \$412.5 million, funded through bonds issued by the State Building Authority (SBA).

## COMMUNITY COLLEGES

Governor Whitmer's proposed FY 2025-26 budget for Community Colleges increases gross appropriations by \$34.5 million, primarily attributable to a \$14.6 million, or 4%, ongoing increase in college operations and an increase in MPSERS UAAL costs of \$27.4 million.

# CAPITAL OUTLAY, HIGHER EDUCATION, & COMMUNITY COLLEGES CONTINUED

01

The Governor's budget includes a 4.0% ongoing increase for college operations using the existing performance funding formula at a total cost of \$14.6 million SAF.

02

The budget includes MPSERS baseline adjustments: a \$27.4 million increase for MPSERS unfunded actuarial accrued liability (UAAL) costs, and a \$2.2 decrease in the normal cost offset. The changes bring total MPSERS appropriations for Community Colleges to \$116.3 million.

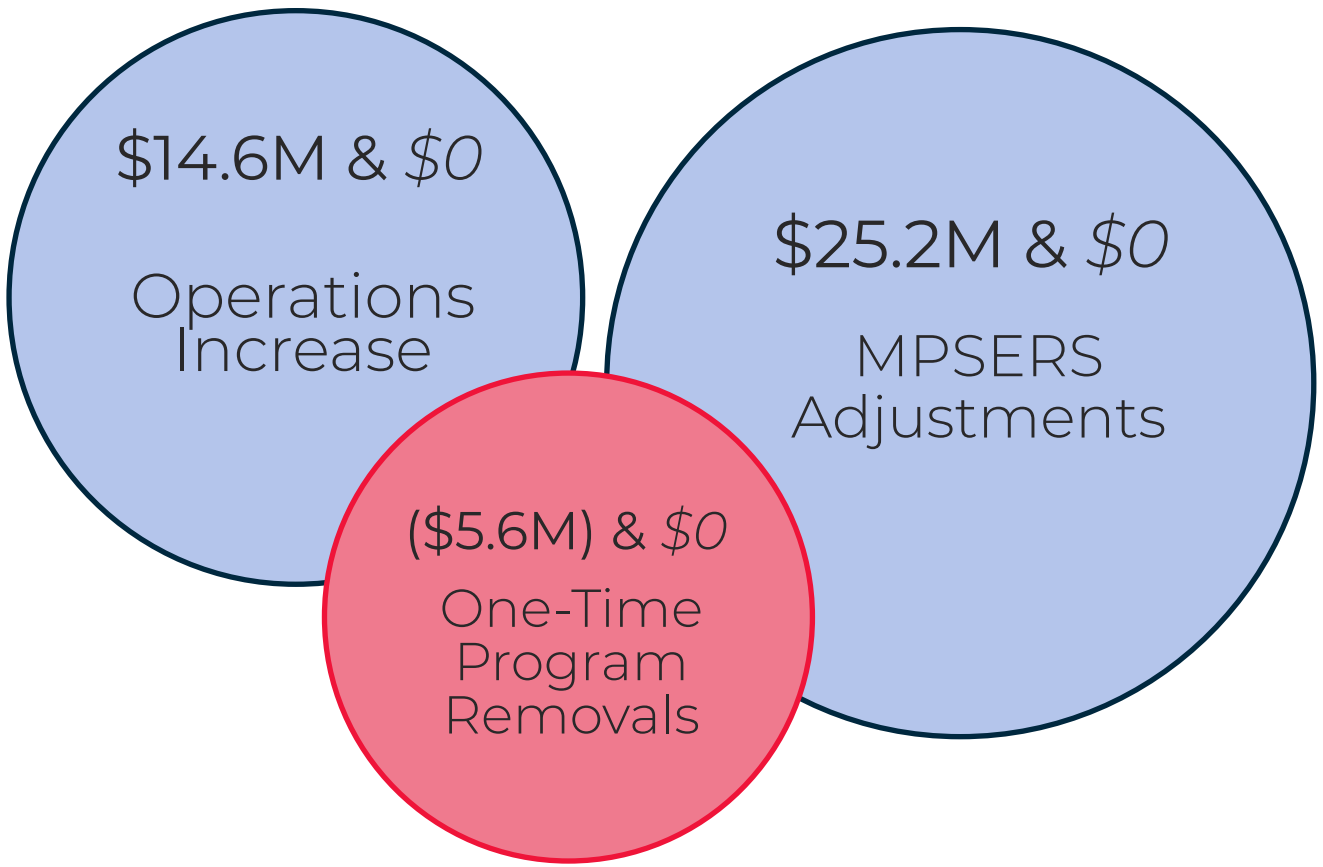

03

North American Indian Tuition Waiver (ITW) reimbursements were increased by \$207,100 to a total of \$1.4 million to reflect the most recent waiver cost data.

04

The Governor recommends tuition restraint of 4.5%, or \$227, for FY 2025-26 and continues the policy of establishing tuition restraint for the subsequent fiscal year. For FY 2026-27, the maximum increase would be the greater of 5.0% or \$248.

The Governor recommended few changes to the Community Colleges budget for FY 2025-26. Under the Governor's proposal, total appropriations would increase by \$34.5 million to \$496.7 million, entirely from the SAF. Major changes include a 4% ongoing operations increase, a net increase in MPSERS payments of \$25.2 million, and the elimination of \$5.6 million in various one-time items funded in FY 2024-25.

: One-Time    
  : Ongoing    
 Gross     GF/GP

# CAPITAL OUTLAY, HIGHER EDUCATION AND COMMUNITY COLLEGES

## HIGHER EDUCATION

Governor Whitmer's proposed FY 2025-26 budget for Higher Education increases gross appropriations by \$54.6 million, or 2.3%. The budget recommendation includes \$69.8 million GF/GP for a 4.0% increase for university operations, an additional ongoing \$50.0 million GF/GP to support the Michigan Achievement Scholarship (MAS), and \$28.5 million GF/GP for anticipated increases in Tuition Incentive Program costs. These GF/GP increases are offset by a \$100.0 million GF/GP to SAF fund shift, reductions to the Competitive Scholarship (MCS) and Tuition Grant (MTG) programs, and the removal of current-year one-time appropriations.

# CAPITAL OUTLAY, HIGHER EDUCATION, & COMMUNITY COLLEGES CONTINUED

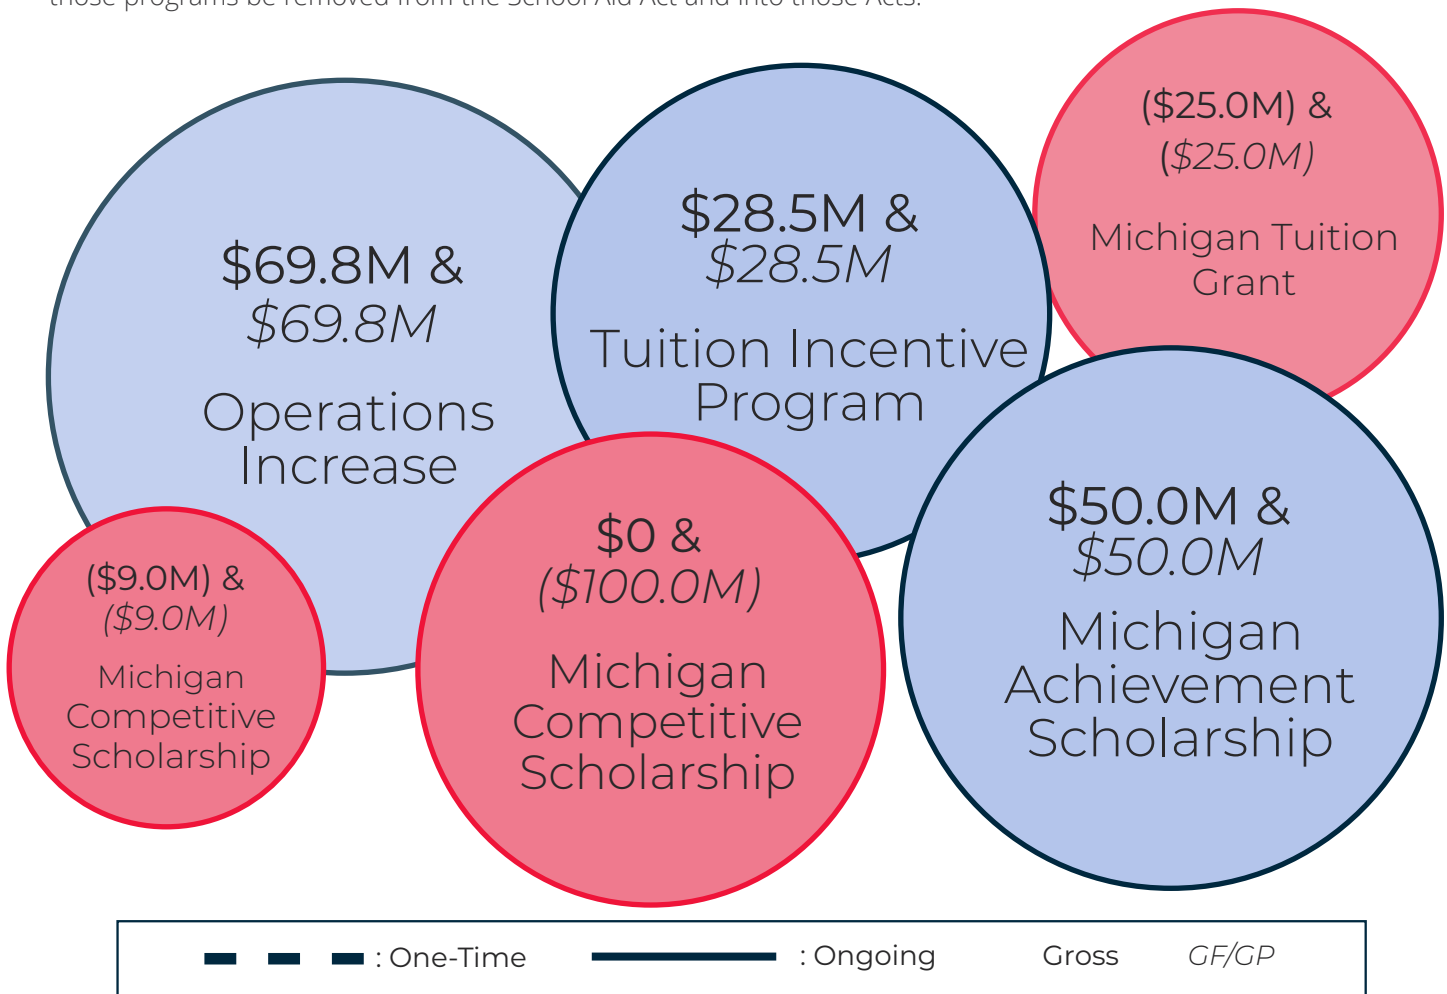

**01** The Governor's budget includes a \$50.0 million ongoing increase in the GF/GP deposit to the Postsecondary Scholarship Fund (PSF), which provides the revenue source for the MAS. This change would bring the total PSF deposit to \$350.0 million.

**02** The proposed budget includes a fund shift that would remove \$100.0 million in GF/GP from university operations and replace that support with SAF dollars.

**03** University operations would receive a 4.0% across-the-board increase totaling \$69.8 million GF/GP.

**04** The Governor recommends a \$25.0 million GF/ GP reduction to the MTG program, and \$9.0 million GF/GP reduction to the MCS reflecting policy changes that phase out both the MTG and MCS for new students.

In total, the Governor's budget increases gross appropriations for Higher Education by \$54.6 million, or 2.3%. This net increase includes a variety of changes including increases of \$69.8 million for university operations, \$28.5 million for the Tuition Incentive Program, and \$50.0 million for additional costs for the MAS (including the Community College Guarantee). These increases would be partially offset by reductions of \$25.0 million and \$9.0 million for the MTG and MCS, respectively, and the removal of current-year one-time appropriations. The Governor also recommends the creation of standalone Public Acts for the MAS and MAS Skills Scholarship programs, and that most guidelines for those programs be removed from the School Aid Act and into those Acts.

## DEPARTMENT OF ENVIRONMENT, GREAT LAKES, AND ENERGY

The Governor's proposed FY 2025-26 budget for the Department of Environment, Great Lakes, and Energy (EGLE) increases funding by \$147.7 million Gross (\$35.7 million GF/GP) when compared to the FY 2024-25 EGLE budget. The proposed budget has significant investments recommended in a variety of areas, including lead service line replacement (LSLR) and LSLR-related projects, remediation and contaminated site clean-up, IT projects, and zero emission vehicle infrastructure and implementation.

01

The Governor's budget focuses on new one-time investments totaling \$106.0 million Gross and GF/GP. These investment proposals cover several areas, including LSLR, electric vehicle charging infrastructure, and IT projects including digitizing the Department's 51 terabytes of data as well as a septic system database.

02

Program increases totaling \$129.1 million are included. This includes \$30.0 million GF/GP for an increase in ongoing funding to the Lead Service Line Replacement Program, and a \$92.8 million total Restricted funding increase across 8 programs for the anticipated revenue from proposed fee increases.

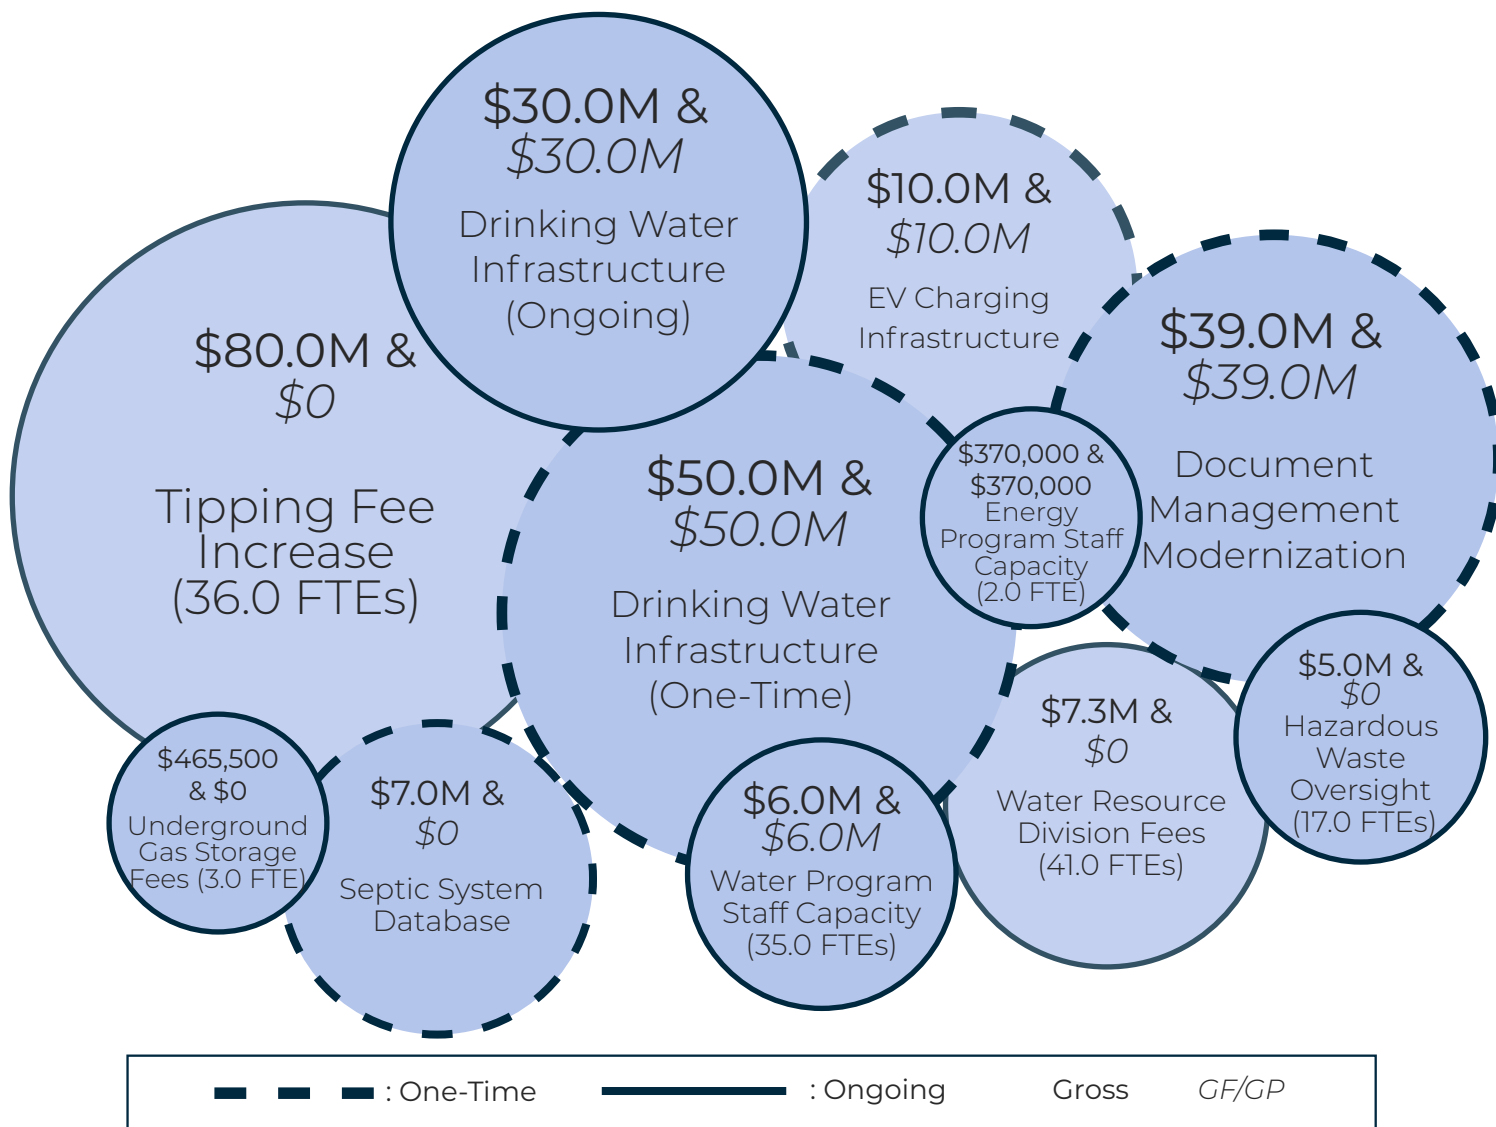

03

The Governor's recommendation includes \$92.8 million anticipated in restricted revenue and FTE authorizations from an increase to several fees. These include the landfill tipping fee (\$80.0 million and 36.0 FTEs), land and water permit fees (\$7.3 million and 41.0 FTEs), hazardous waste fees (\$5.0 million and 17.0 FTEs), and oil and gas well permit fees (\$465,500 and 3.0 FTEs).

04

The recommendation also includes funding for FTE requests in several areas: \$6.0 million GF/GP for increased water program permitting staff capacity (35.0 FTEs), and \$370,000 GF/GP for 2.0 additional FTEs within the Department's energy programs to aid in administering various energy-related grant programs within the State.

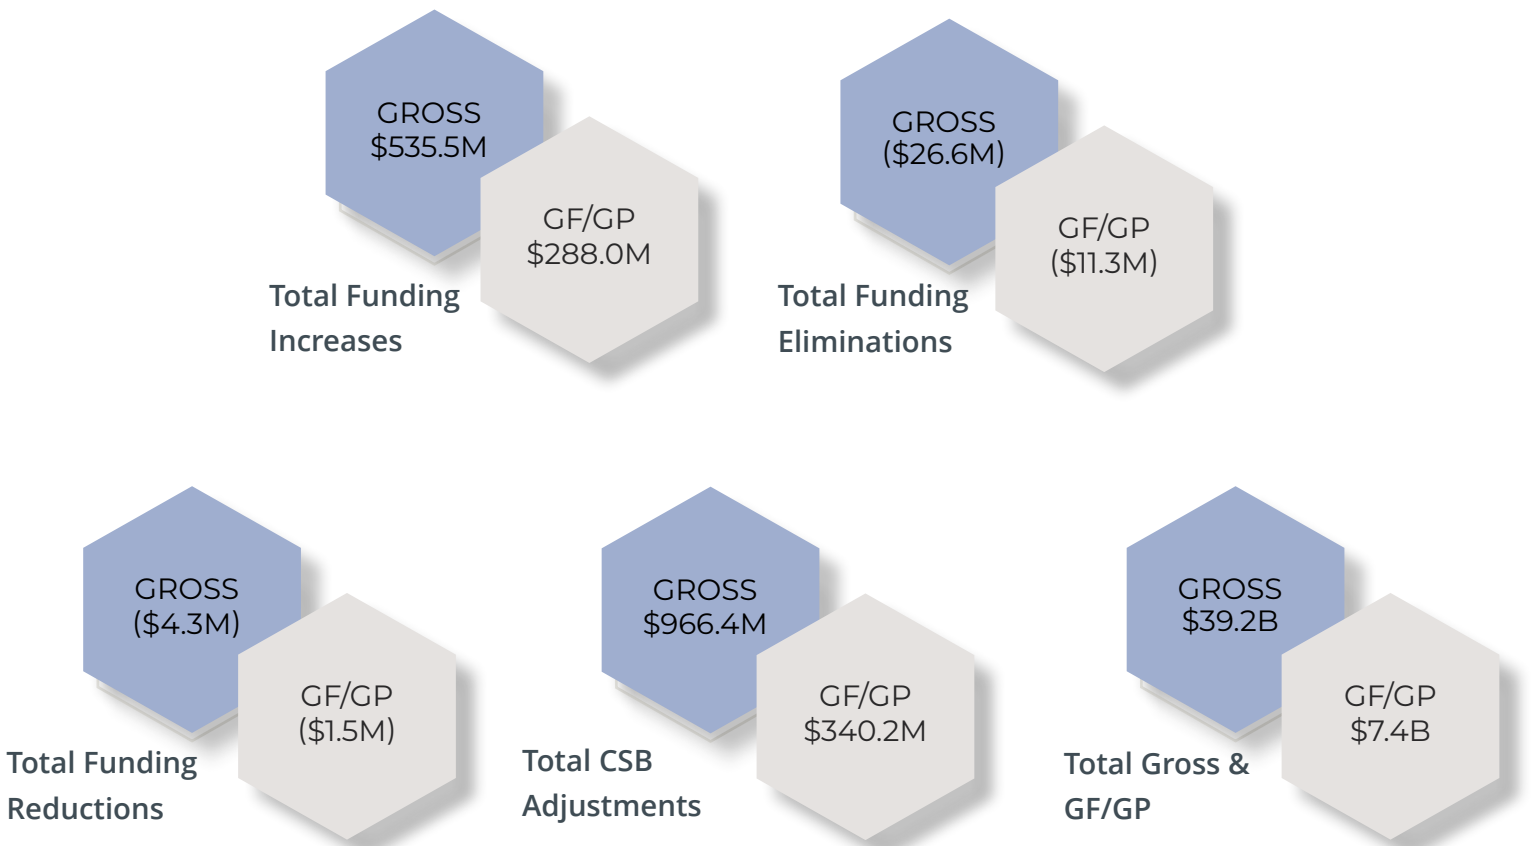

The Governor's budget includes new programs and program increases totaling \$235.1 million Gross; \$142.3 million GF/GP. Of this funding, \$129.1 million Gross (\$36.3 million GF/GP) is for ongoing requests while the remainder is one-time funding. Support for LSLR and related water infrastructure projects includes \$30.0 million in ongoing funding and \$50.0 million in one-time funding. Other ongoing increases would be broadly funded with anticipated increases to fee revenue, or are GF/GP investments such as \$6.0 million for permitting staff and \$370,000 for energy programs.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

Governor Whitmer's proposed FY 2025-2026 budget for the Department of Health and Human Services (DHHS) increases funding by \$1.5 billion Gross (\$648.7 million GF/GP) when compared to the year-to-date FY 2024-25 DHHS budget. The proposed budget prioritizes several key policy areas, including child welfare, low-income assistance programs, behavioral health, and juvenile justice.

# HEALTH AND HUMAN SERVICES CONTINUED

**01**

The Governor's budget includes \$78.7 million Gross in one-time funding for the third year of a mandatory four-year repayment plan to the Federal government. Repayments are for Disproportionate Share Hospital payments made to the Center for Forensic Psychiatry and Huron Valley Center between FY 1994-1995 and FY 2006-2007 that were later disallowed.

**02**

The Governor's budget includes funding for two main initiatives to expand access to Medicaid coverage. The first is \$96.4 million Gross to raise the protected income limit and Medicaid "spend-down" threshold to 100% of the Federal poverty guidelines. The second initiative includes \$40.0 million Gross to provide limited coverage for pre-release services for 90 days prior to the release of an individual from incarceration.

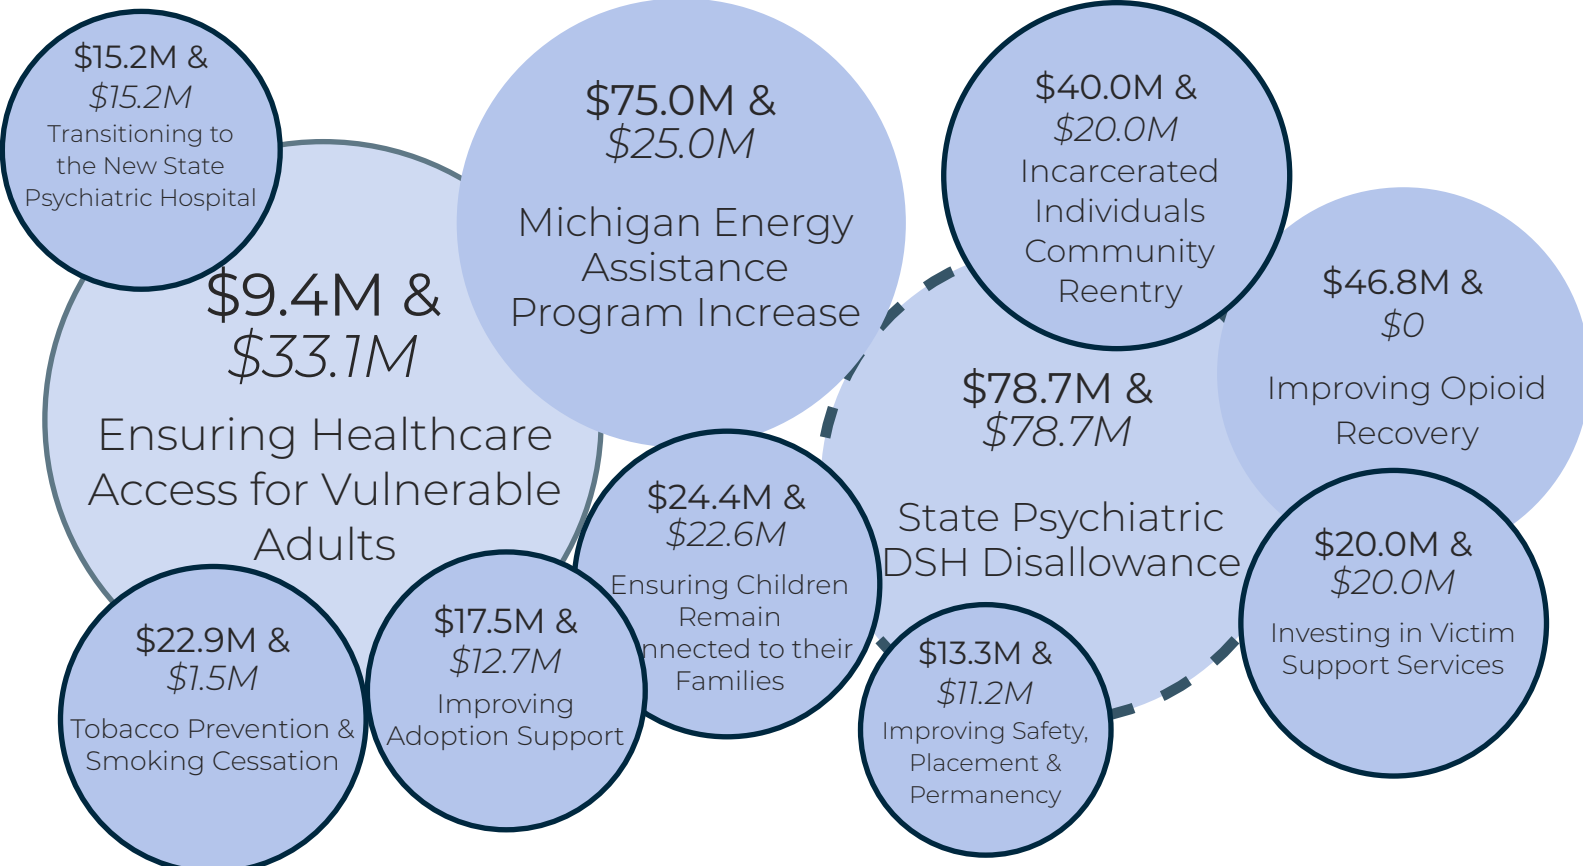

**03**

The Governor's budget increases funding for the Michigan Energy Assistance Program (MEAP) and water bill assistance programs. The budget recognizes an additional \$50.0 million in ongoing revenue from the implementation of PA 168 and 169 of 2024 and includes \$25.0 million GF/GP on a one-time basis for MEAP. The Executive Recommendation also includes \$7.0 million Gross and GF/GP for water bill assistance, with \$1.0 million designated as ongoing.

**04**

The Governor's budget provides \$13.3 million Gross to support several initiatives aimed at improving foster care outcomes. The largest investment within this initiative is \$8.9 million Gross to expand the use of Treatment Foster Care and contract with a Professional Foster Parent Program. Qualified foster parents would receive an annual salary to care for children with behavioral or physical needs that make them difficult to place.

The Governor's budget includes several CSB adjustments related to changes in the base Medicaid match rate from 65.13% to 65.30%, Federally required actuarial soundness adjustments, projected base and caseload adjustments in Medicaid, child welfare and public assistance programs, and adjustments to special financing mechanisms and provider taxes in Medicaid. Combined, these changes increase Gross costs by \$1.1 billion and GF/GP costs by \$557.4 million. The largest drivers of the Gross cost increase are a \$523.1 million Gross increase in actuarial soundness estimates for the Traditional Medicaid and Healthy Michigan Plan combined with a \$484.0 million Gross increase in Traditional Medicaid base and caseload-related costs, which are offset by a \$518.6 million Gross decrease in projected Food Assistance Program base and caseload-related costs.

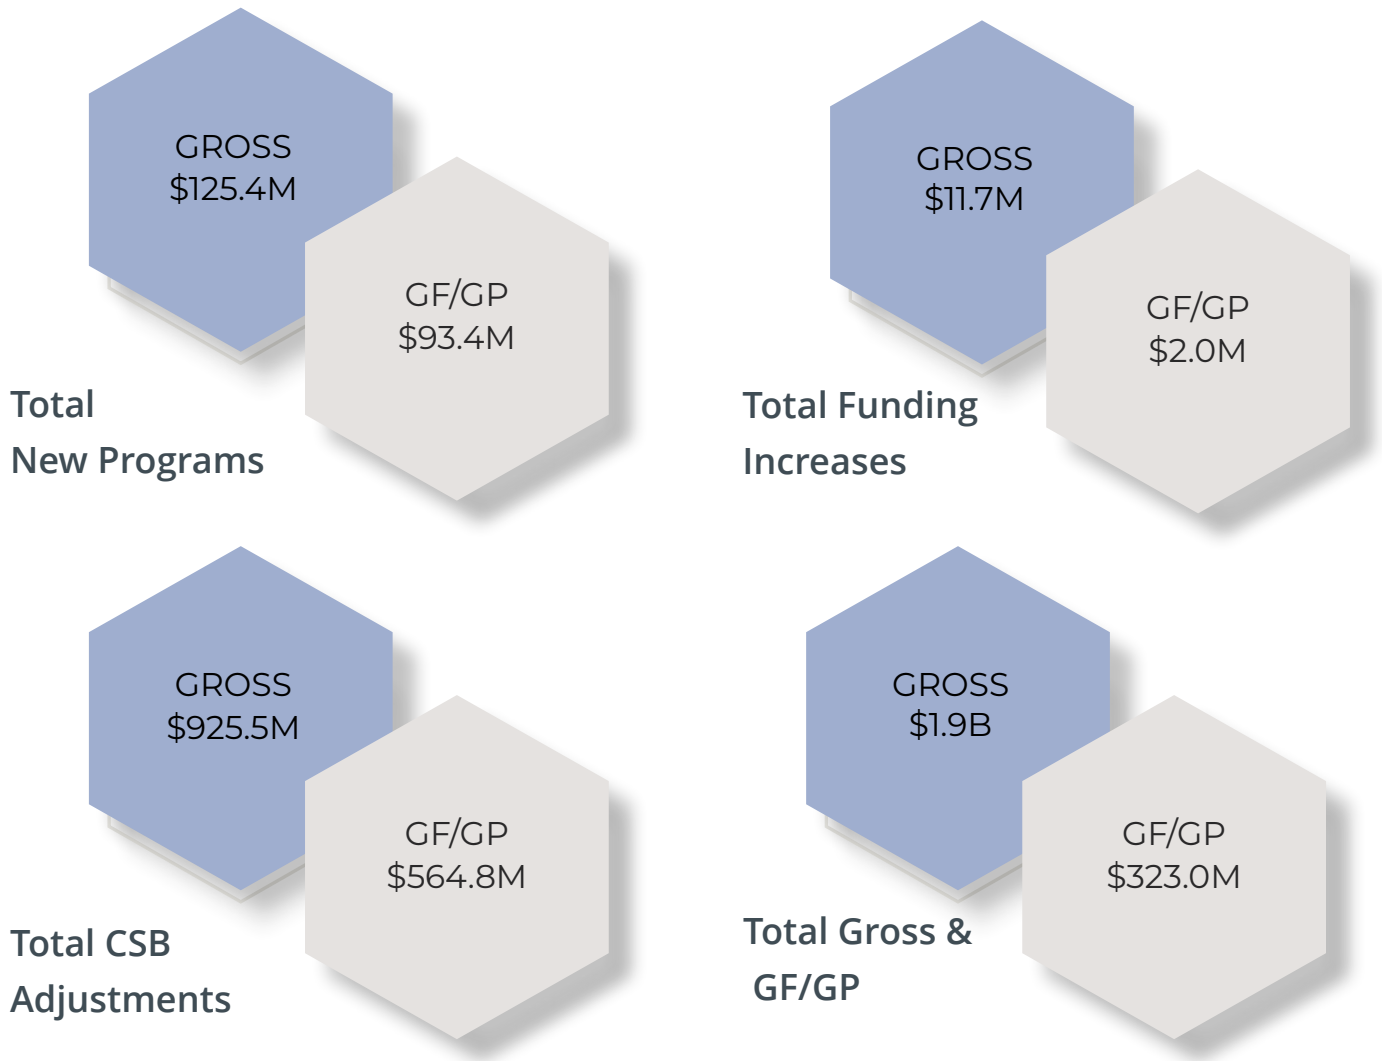

   : One-Time   
    : Ongoing   
 NO BORDER : One-Time & Ongoing   
 Gross   
 GF/GP

## DEPARTMENT OF LABOR AND ECONOMIC OPPORTUNITY

The Governor's recommended budget for the Department of Labor and Economic Opportunity (LEO) totals \$1.9 billion; \$323.0 million GF/GP. Ongoing appropriations are recommended at \$1.8 billion; \$239.5 million GF/GP. Eight one-time recommendations total \$83.5 million; \$83.5 million GF/GP.

01

The Governor's recommendation removes a \$500.0 million boilerplate appropriation for the Strategic Outreach and Attraction Reserve (SOAR) Fund. However, the Governor continues the placeholders of \$100 to activate the Critical Industry Program and the Michigan Strategic Site Readiness Program line items so they may be available for transfers.

02

The Governor's recommendation includes \$40.4 million (\$8.4 million GF/GP) to create and provide Pre-Employment Transition Services for Students with Disabilities. This program would be overseen by the Michigan Rehabilitation Services and the Bureau of Services for Blind Persons. The program would support services to students with disabilities including academic remediation, specialized tutoring, enrollment into career and technical training and/or college with the goal of assisting individuals to attain employment.

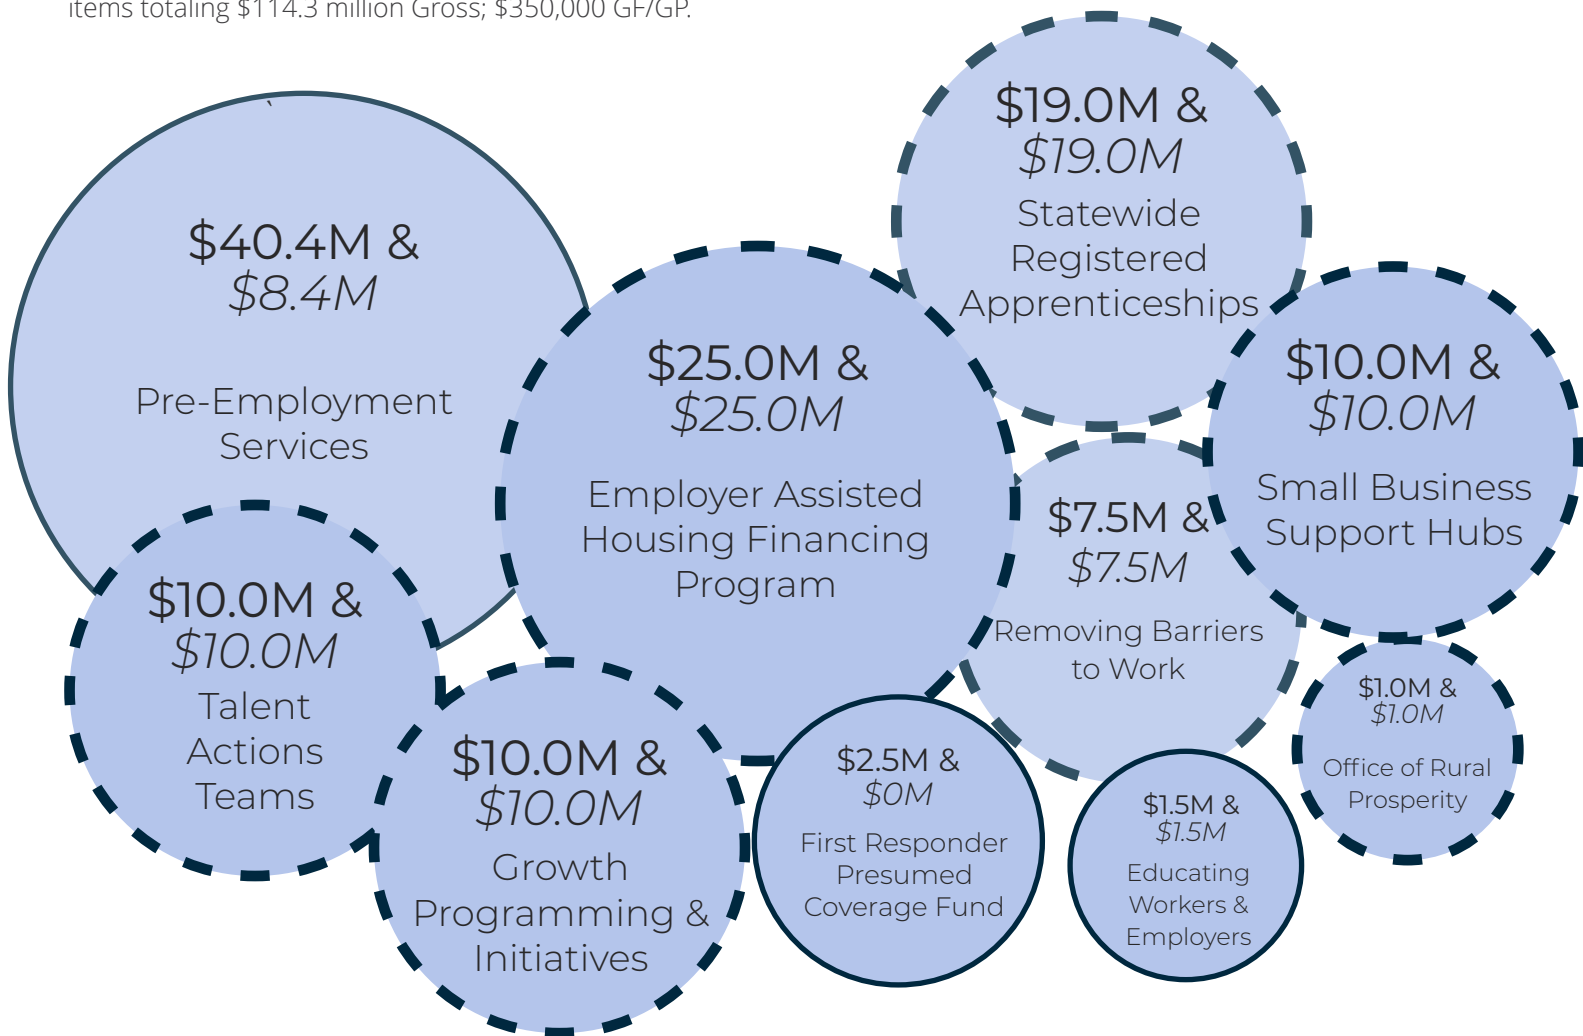

03

The Governor's recommendation includes \$25.0 million for the Employer Assisted Housing Financing Program. The program would support various housing projects with local match from employers, targeted to households under 120% of an area's median income.

04

The Governor's recommendation includes \$19.0 million for expanding statewide registered apprenticeship and apprenticeship readiness programs to support the development of new opportunities in traditional and non-traditional industries.

Governor Whitmer's proposed FY 2025-26 budget for LEO decreases Gross and GF/GP funding from the current year by \$783.4 million and \$470.6 million, respectively. The proposal includes \$83.5 million Gross (all GF/GP) in one-time spending for eight separate line items. The current year supplemental spending proposal includes six separate line items totaling \$114.3 million Gross; \$350,000 GF/GP.

: One-Time    
  : Ongoing    
 Gross     GF/GP

## DEPARTMENT OF TRANSPORTATION

Governor Whitmer's proposed FY 2025-26 budget increases Gross funding by \$33.2 million compared to the FY 2024-25 Transportation budget. The proposed budget includes \$112.2 million in GF/GP funding, a decrease of \$80.8 million compared to the FY 2024-25 budget. The largest program increase, excluding one-time items, is for State trunkline road and bridge construction with an increase of \$53.6 million Gross.

# TRANSPORTATION CONTINUED

01

The Governor proposes a one-time \$112.2 million (all GF/GP) Federal match for road and bridge investments. This will allow the Department to match all Federal funds.

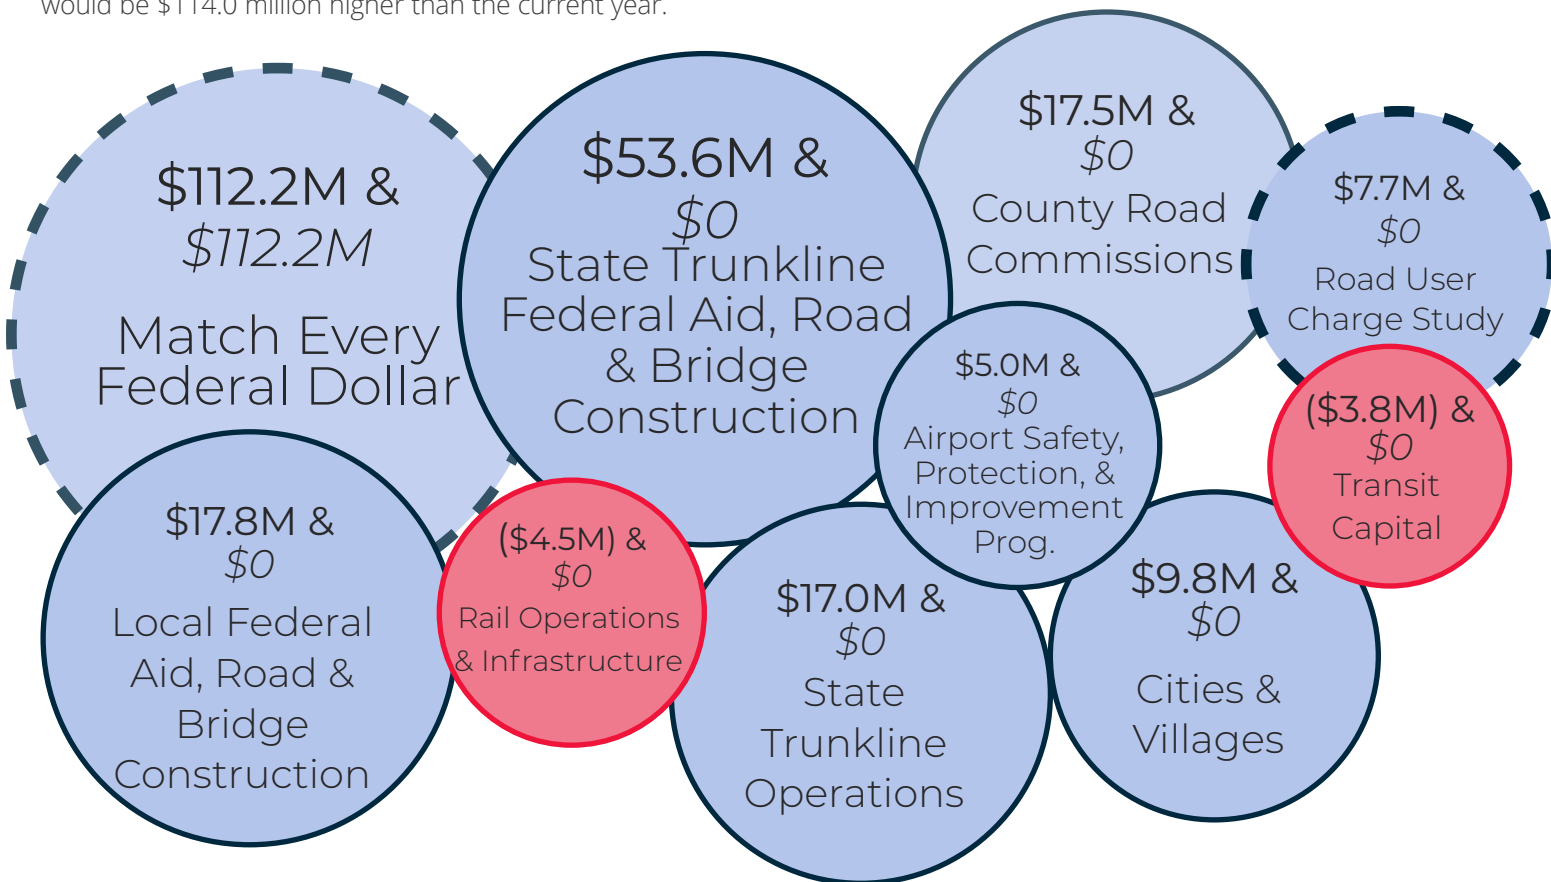

02

The Governor includes \$7.7 million (all Restricted) for a study on the possibility of applying a user fee to Michigan roads.

03

The Governor's budget increases State trunkline road and bridge construction funding by \$53.6 million Gross, \$53.5 million in Federal funds and \$100,000 in Restricted funds.

The Governor's budget includes two new programs in one-time spending. The first is \$112.2 million Gross for Federal match (all GF/GP) because the Department does not have enough Restricted funds to match all the Federal funds available. The second is \$7.7 million (all Restricted) for a study to evaluate the possibility of applying road usage charges. The road user charge study is intended to accommodate transportation spending as gasoline consumption continues to decline. State trunkline road and bridge construction will increase by \$53.6 million (\$53.5 million Federal and \$100,000 Restricted). County road commissions would see an increase of \$17.5 million (all Restricted) and cities and villages would see an increase of \$9.8 million (all Restricted). Gross total CSB adjustments are \$100.0 million lower than FY 2024-25 and GF/GP total CSB adjustments are \$193.0 million lower than FY 2024-25. This is mainly due to the removal of the previous year's one-time items equal to \$214.0 million Gross. If not for this removal, Gross total CSB adjustments would be \$114.0 million higher than the current year.

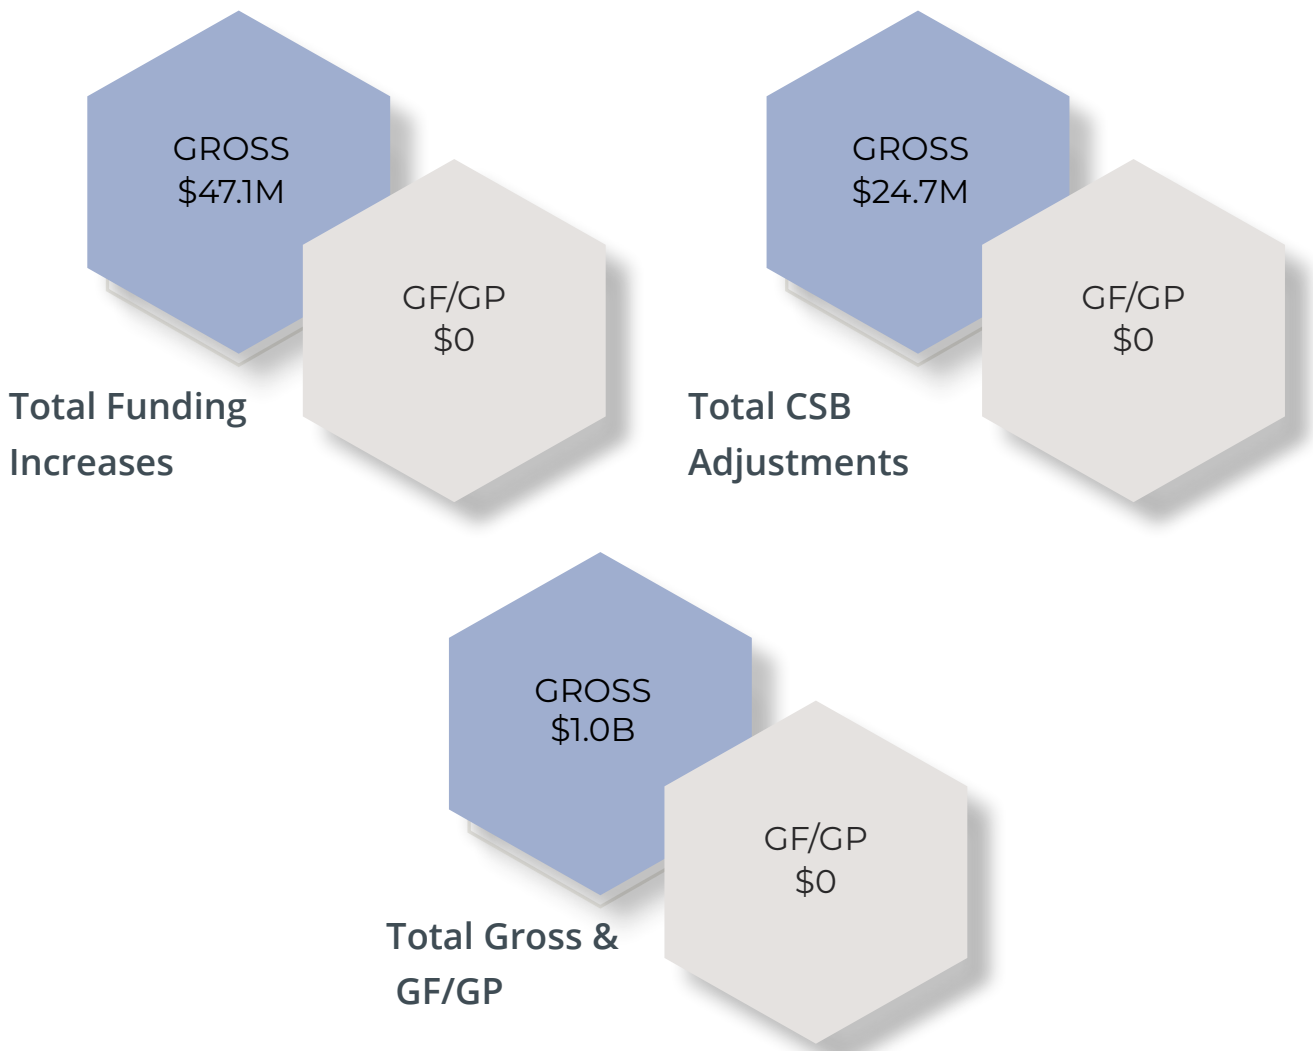

: One-Time     
  : Ongoing     
 Gross      GF/GP

## REVENUE SHARING

Governor Whitmer's proposed FY 2025-26 budget increases funding by \$47.1 million Gross (sales tax revenue) when compared to the year-to-date FY 2024-25 Revenue Sharing budget. The proposed budget includes a 3.6% increase for both Cities, Villages, and Townships (CVT) and Counties.

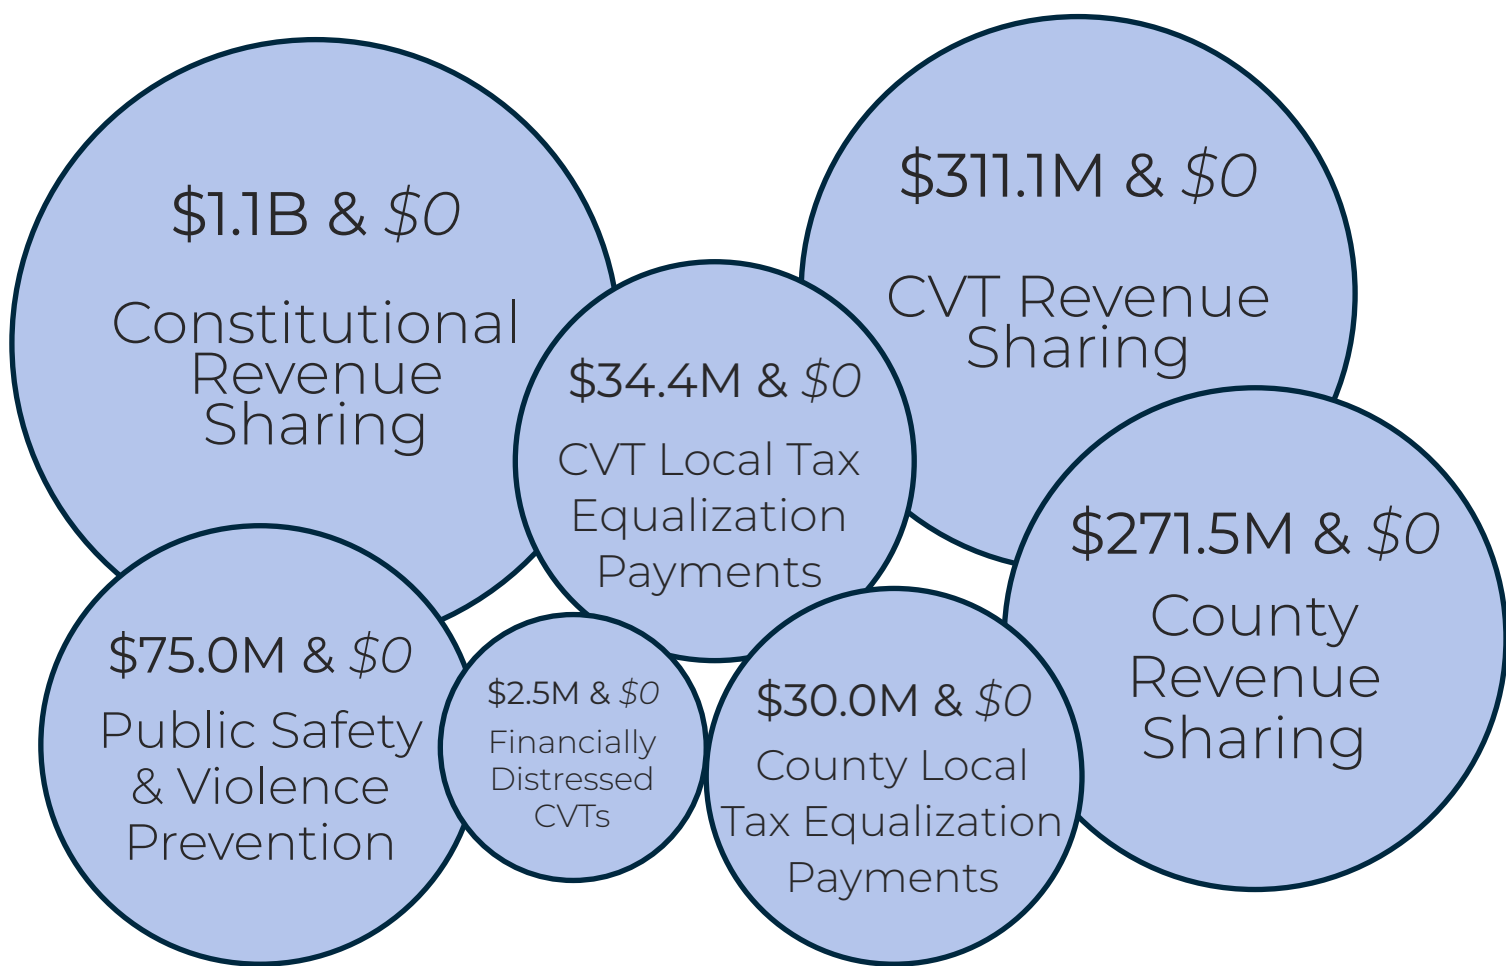

01

The proposed budget includes a 4.0% increase to 'baseline' statutory revenue sharing from current appropriations for both City, Village, and Township Revenue Sharing and County Revenue Sharing. The Local Tax Equalization Payments to both CVTs and counties remains at current appropriations. This results in an overall 3.6% increase to combined statutory appropriations to CVTs and Counties.

02

The proposed budget includes the constitutional revenue adjustment of 2.3% to account for the January Consensus Revenue Estimating Conference. The net change between statutory and constitutional revenue sharing is 2.7%.

: One-Time    
  : Ongoing    
 Gross     GF/GP

## REVENUE SHARING PAYMENTS

The Governor recommends revenue sharing payments totaling approximately \$1.8 billion in FY 2025-26, an increase of 2.7%, or \$47.1 million, from FY 2024-25 year-to-date appropriations. This increase is due to an estimated \$24.7 million increase in constitutional revenue sharing for CVTs. The Governor recommends a \$12.0 million increase in funding for combined CVT "statutory" revenue sharing and CVT local tax revitalization payments, and a \$10.4 million increase for combined county revenue sharing and county local tax revitalization payments. The Governor's recommendation is shown in [Table 22](#).

**2.3%**

### Constitutional Revenue Sharing

The Governor's constitutional revenue sharing is estimated at \$1,099,028,600 for FY 2025-26 based on the January 2025 Consensus Revenue Estimate Conference. This would provide CVTs with a 2.3% increase in payments from the revised FY 2024-25 estimate. Constitutional revenue sharing pays CVTs 15.0% of sales tax collections at a rate of 4.0%. The funds are distributed on a per capita basis. Each CVT is projected to receive approximately \$109.4 per capita in FY 2025-26.

**3.6%**

### CVT Revenue Sharing

The Governor proposes to increase CVT revenue sharing ("statutory") by 3.6% to \$345,512,400 in FY 2025-26. Of the total, \$311,091,500 would be CVT 'baseline' revenue sharing and \$34,420,900 would be CVT local tax equalization payments. City, village, and township 'baseline' revenue sharing is increased 4%, or \$11,965,100, for the local units that received revenue sharing payments in FY 2023-24. City, village, and township local tax equalization payments is the amount distributed through the three-factor formula, which was the total increase in FY 2024-25.

The FY 2025-26 budget continues a requirement that any CVT with an underfunded retirement benefit system (as defined in MCL 38.2805) dedicate 50% of the increase from FY 2024-25 to that retirement system.

### County Revenue Sharing

The Governor proposes to increase revenue sharing payments to counties by 3.6% to \$301,554,200 in FY 2025-26. Of the total, \$271,512,500 would be county 'baseline' revenue sharing and \$30,041,700 would be county local tax equalization payments. County 'baseline' revenue sharing is increased 4%, or \$10,442,800, from the amount received in FY 2024-25. The CVT local tax equalization payment is the amount distributed through the inverse taxable-value formula, which was the total increase in FY 2024-25.

The FY 2025-26 budget continues a requirement that any county with an underfunded retirement benefit system (as defined in MCL 38.2805) dedicate 50% of the increase from FY 2024-25 to that retirement system.

### Financially Distressed CVTs

The financially distressed CVTs grant program would maintain current funding at \$2.5 million.

### Public Safety and Violence Prevention

The Governor maintained the total appropriations for Public Safety and Violence Prevention at \$75.0 million. The fund source was changed from the Public Safety and Violence Prevention Fund to Sales Tax. The formula mirrors the distribution in House Bill 4606 from the 102nd Legislature, which was not enacted.

# SCHOOL AID

Governor Whitmer's proposed FY 2025-26 budget increases funding by \$422.0 million Gross (\$25.3 million GF/GP reduction) when compared to the year-to-date FY 2024-25 School Aid budget. The proposed budget maintains many of the investments from the current year and adds new investments, including a 4.1% increase in the foundation allowance, an expansion of the Great Start Readiness Program (GSRP) to make eligibility completely universal, and increased early literacy funding. New programs include \$250.0 million for districts and intermediate school districts to implement effective targeted intervention supports for higher-need students and \$125.0 million to create new CTE programs.

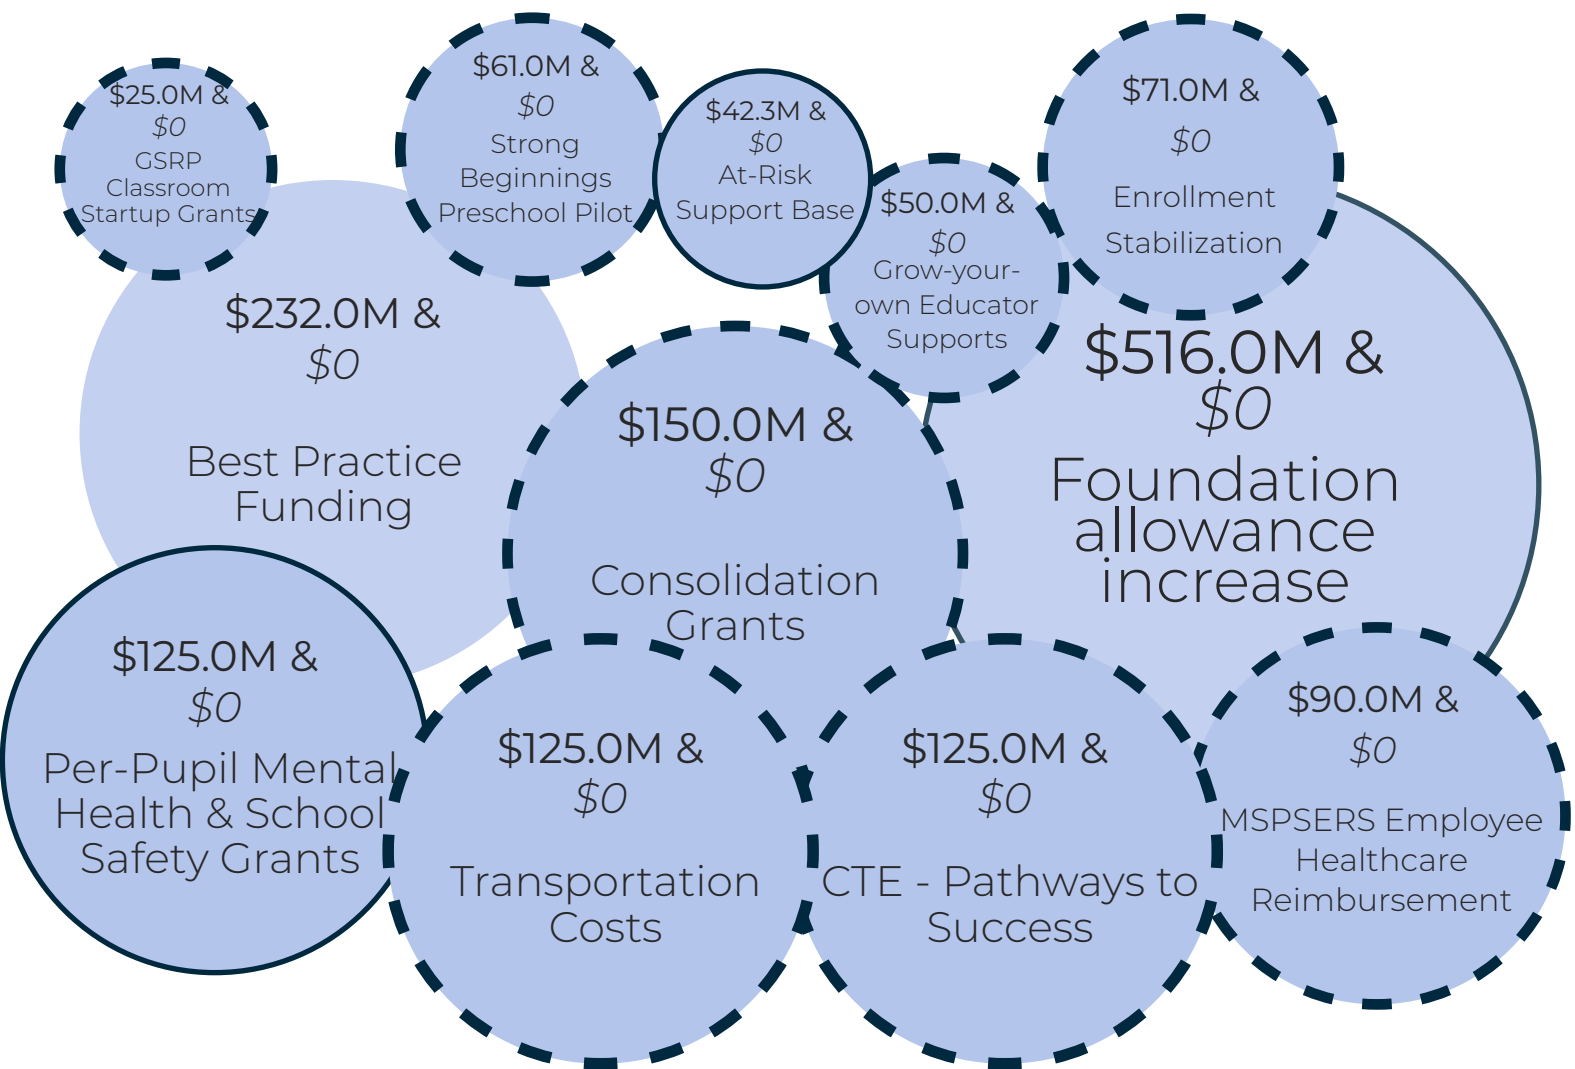

# SCHOOL AID CONTINUED

- 01** The Governor's budget recognizes \$591.5 million in increased costs due to the statutory reduction of the rate paid by MPSERS employers from 20.96% of payroll to 15.21% of payroll. The reduction increases the cost for the State to pay the MPSERS UAAL costs above the cap. The proposal offsets this increased cost by eliminating the \$598.0 million that was included in the FY 2024-25 budget to effectively offset MPSERS UAAL costs for employers.
- 02** The Governor proposes to increase ongoing funding for per-pupil school safety and mental health grants by \$125.0 million, bringing total ongoing funding to \$150.0 million per year. The recommendation does not include any GF/GP funding; thus, nonpublic schools would not be eligible for funding.
- 03** The Governor's budget does not include funding to nonpublic schools for per-pupil mental health and school safety grants (\$1.5 million) and removes funding to nonpublic schools for reimbursement for health and safety mandates (\$1.0 million) and robotics programs (\$600,000).

The Governor's budget includes funding for new programs and increases to existing programs totaling \$1.8 billion Gross and \$5.1 million GF/GP. Of this funding, \$806.3 million Gross and \$5.1 million GF/GP is for ongoing requests; the remainder is one-time funding. The largest requests are the foundation allowance (\$516.0 million), best practices funding (\$232.0 million), consolidation grants (\$150.0 million), per-pupil mental health and school safety grants (\$125.0 million), CTE - pathways to success (startup grants, \$125.0 million), and transportation costs (\$125.0 million).

## STATE EMPLOYEE COMPENSATION CHANGES

---

Article XI, Section 5 of the Michigan Constitution specifies that increases in the rates of compensation authorized by the Civil Service Commission require prior notice to the Governor, who then transmits the increases to the Legislature as part of the overall budget recommendation. Within 60 calendar days after transmission, the Legislature, by a two-thirds vote of the members elected and serving in each house, may reject or reduce the Commission's authorized increases. Legislative reductions must apply uniformly to all classes of employees, and the Legislature may not adjust pay differentials already established by the Commission. Compensation rates also may not be reduced below those in effect when the increases are transmitted to the Legislature.

On December 11, 2024, the Commission approved a two-year agreement for wages and benefits for employees who are exclusively represented by employee unions (AFSCME, MCO, MSEA, SEIU, and UAW) for FY 2025-26. The Commission approved a 3.0% base wage increase to become effective October 1, 2025, for most represented employees. All represented employees will continue to pay 20% of their health care premium costs.

The Commission also adopted a Coordinated Compensation Plan for nonexclusively represented State classified employees (NEREs) for FY 2025-26. Effective October 1, 2025, NEREs will receive a 3.0% base wage increase. Nonexclusively represented employees also will continue to pay 20% of their health insurance premiums in FY 2025-26. Michigan State Police (MSP) troopers and sergeants received a 20% base pay increase, while non-union MSP employees will receive a 3% base pay increase.

Table 23 provides a summary of the incremental State employee economic cost changes for FY 2025-26 recommended in the Governor's budget, including Adjusted Gross employee salary increases of \$147.9 million (\$91.9 million GF/GP). The State's portion of the cost of longevity payments and employee health insurance is estimated to increase by \$112.5 million (\$64.1 million GF/GP) for FY 2025-26. Retirement contributions, excluding payments for legacy pension costs, will increase \$28.3 million Adjusted Gross (\$17.6 million GF/GP). Other employee retirement costs (OERC), including legacy pension costs and retiree health care costs, total a negative \$117.7 million (negative \$57.8 million GF/GP). The total increase in worker's compensation and other economic costs is \$11.6 million Adjusted Gross (\$5.3 million GF/ GP). The total impact of economic adjustments for FY 2025-26 is an increase of \$182.7 million Gross and \$121.1 million GF/GP.

## DEBT SERVICE ADJUSTMENTS

Table 24 provides a summary of debt service appropriations for FY 2025-26, including School Bond Loan Fund bonds in K-12 School Aid; debt service costs related to the Facility for Rare Isotope Beams and the Community College Skilled Trades Equipment Program appropriated in the Department of Labor and Economic Opportunity; State Building Authority rent payments appropriated in the Department of Technology, Management, and Budget; various transportation-related bonds in the Michigan Department of Transportation (MDOT); and general obligation bonds and the Flint Settlement Bond in the Department of Treasury. Gross appropriations for debt service on these bonds total \$767.2 million for FY 2025-26. This represents a \$15.4 million 2.0% increase from the \$751.9 million in debt service appropriations for FY 2024-25.

## DEBT SERVICE APPROPRIATIONS

FY 2025-26 COMPARED WITH FY 2024-25

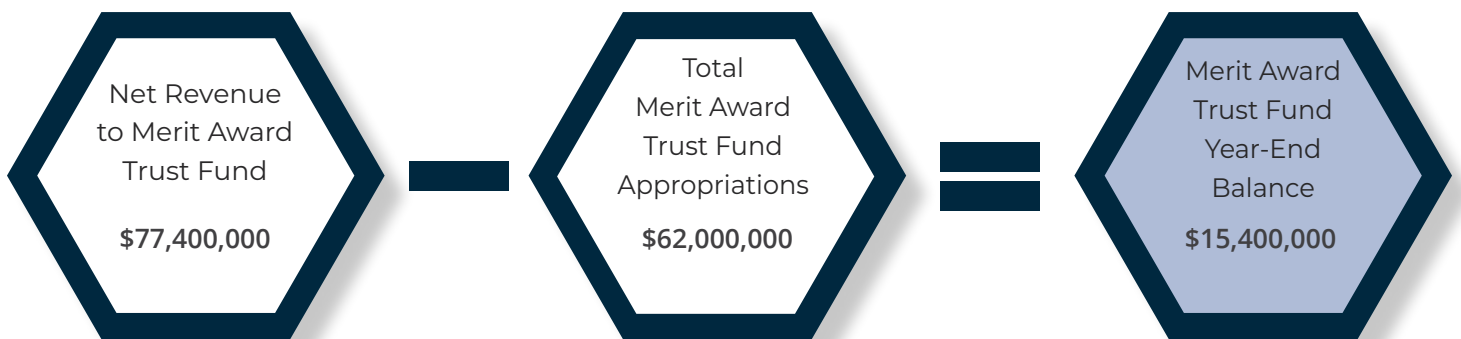

# TOBACCO SETTLEMENT REVENUE AND APPROPRIATIONS

In 1998, a Master Settlement Agreement was reached between 46 states, including Michigan, and certain United States tobacco manufacturers, to provide annual payments to states. The payments began in 2000 and will continue in perpetuity. As [Table 25](#) illustrates, there are several transfers out of the tobacco settlement revenue before it is deposited into the Merit Award Trust Fund, where it is available for appropriation by the Legislature.

Pursuant to law, \$75.0 million of the tobacco settlement revenue is earmarked each fiscal year, from FY 2007-08 through FY 2026-27, for the 21st Century Jobs Trust Fund. Also pursuant to law, \$17.5 million of the tobacco settlement revenue is deposited each fiscal year, from FY 2014-15 through FY 2034-35, into the BSF as repayment for an FY 2013-14 State appropriation of \$194.8 million to the Settlement Administration Fund to help mitigate the impact of the City of Detroit bankruptcy on its pensioners. The Governor's budget proposes to end this deposit. (A statutory earmark for the Community District Trust Fund to implement a new system of funding for Detroit Public Schools saw fiscal year 2024-25 as the last year of this earmark.)

The other transfer of funds from tobacco settlement revenue is for debt service on the securitization of a portion of the tobacco settlement revenue in 2006 and 2007. Under the Governor's proposal, there would be an estimated FY 2025-26 year-end balance of \$15.4 million in the Merit Award Trust Fund.

## FY 2024-25 YEAR-TO-DATE

## FY 2025-26 GOV'S REC.

# BUDGET STABILIZATION FUND

The Budget Stabilization Fund (BSF) is the State's "Rainy Day" fund or cash reserve. In years of economic growth, deposits may be made to the Fund, and in years of recession, money may be withdrawn to cushion the budgetary impact of declining State revenue. Statutory formulas direct the amount of the pay-in or pay-out from the BSF; however, the Legislature has the authority to appropriate the formula amount or a different amount.

The BSF balance was estimated to be \$1,990.4 million at the close of FY 2023-24. The Michigan Trust Fund Act requires the deposit of \$17.5 million from tobacco settlement revenue into the BSF each year from FY 2014-15 to FY 2034-35. Transfers to the Trust Fund Act then reimburse the BSF for a \$194.8 million withdrawal in FY 2013-14 related to the Detroit bankruptcy settlement. Based on the appropriated deposits and estimated interest earnings, the BSF balance at the close of FY 2024-25 is estimated at \$2,147.5 million. Assuming no further deposits or withdrawals and estimated interest earnings, the BSF balance at the close of FY 2025-26 is estimated to be \$2,259.5 million.

The Governor recommended a deposit of \$50.0 million to the BSF in FY 2025-26. If this deposit were enacted, it would bring the closing balance estimate for FY 2025-26 up to \$2,309.5 million.

The history of the BSF year-end balances and the estimates for FY 2024-25 and FY 2025-26 are shown in the figure below.

Figure 1

# **FY 2024-25 SUPPLEMENTAL REQUESTS**

## FY 2024-25 **SUPPLEMENTAL REQUESTS**

---

In addition to the Executive Budget recommendations for FY 2024-25 and budget projections for FY 2025-26, Governor Whitmer also recommended a number of current year, FY 2024-25, supplementals. These supplementals, supplemental requests 2025-1 through 2025-3, represent proposed alterations to the current-year budget. As noted in Table B in the introduction, these three supplemental requests propose to increase current year spending by \$497.5 million Gross, of which \$104.4 million is Federal, \$700,000 is savings in State Restricted funds, and \$380.4 million is GF/GP. A listing of supplemental requests delivered with the FY 2025-26 Executive Recommendation, by department, are included in [Table 26](#).

# MISCELLANEOUS

## PROPOSED FEE ADJUSTMENTS

---

There are seven fees proposed to increase that are part of the FY 2025-26 budget request, totaling \$141.4 million. In addition, the Governor is proposing to amend the statutes related to those fees. [Tables 27](#) and [28](#) itemize the proposed fee adjustments found in the Governor's recommended budget for FY 2025-26. There are several other fees proposed for adjustments beginning in FY 2026-27.

## BALANCE SHEET

---

In the Appendix, [Tables 9](#) and [10](#) present the GF/GP and SAF balance sheets for FY 2024-25 and FY 2025-26. The balance sheets presented here reflect year-to-date spending (as of February 5, 2024) as well as the School Aid supplemental enacted in Fall 2024 and the Governor's proposed supplementals.

The balance sheets include the impact of the proposed vaping tax and other miscellaneous revenue adjustments. Combining all of the above (i.e., assuming the entirety of the Governor's budget recommendation with the estimates of the caregiver tax credit and other revenue adjustments), the estimated balance for GF/GP at the end of FY 2025-26 would be \$43.7 million, while SAF would be \$18.4 million. Differences in actual FY 2023-24 book-closing adjustments compared to estimates, how an enacted budget would compare to the Governor's recommendation, supplemental or policy changes enacted during 2025, and adjustments to revenue at the May 2025 CREC (as well as how actual revenue differs from estimates) all would affect those ending balance estimates.

<b>FY 2025-26 GOVERNOR'S GROSS APPROPRIATION RECOMMENDATION PreK-12 SCHOOL AID APPROPRIATION CHANGES (millions of dollars)</b>	
FY 2024-25 Year-to-Date Gross Appropriations.....	\$20,770.3
FY 2025-26 Governor's Recommended Gross Appropriations.....	21,192.3
Net Change in School Aid Appropriations.....	\$422.0
<b>Recommended Changes to Current Services Baseline:</b>	
MPSERS rate cap.....	\$591.5
Special education costs .....	131.0
Federal grants.....	75.9
Special education - Federal IDEA.....	50.0
Expanded breakfast/lunch programs .....	30.0
Promize zones .....	8.8
School lunch programs - Federal share.....	7.0
Cash flow borrowing costs .....	4.0
CEPI - Federal .....	2.0
PILT reimbursement .....	0.2
Economics .....	0.2
Remove FY 2024-25 one-time items .....	(1,309.9)
MPSERS cost offset - reduced UAAL rate cap.....	(598.0)
Foundation allowance costs.....	(348.0)
MPSERS costs .....	(15.2)
Subtotal Changes to Current Services Baseline.....	(\$1,370.5)
<b>Recommended Appropriations for New Programs:</b>	
Consolidation grants (one-time).....	\$150.0
Best practices funding (one-time) .....	125.0
CTE - pathways to success (one-time) .....	125.0
Transportation costs (continued from FY 2024-25) (one-time) .....	125.0
Best practices funding.....	107.0
MPSERS employee healthcare reimbursement (continued from FY 2024-25) (one-time) ..	90.0
Enrollment stabilization (continued from FY 2024-25) (one-time).....	71.0
Strong Beginnings preschool pilot (previously funded in FY 2023-24) (one-time) .....	61.0
Grow-your-own educator supports (previously funded in FY 2022-23) (one-time) .....	50.0
GSRP classroom startup grants (continued from FY 2024-25) (one-time) .....	25.0
CTE equipment grants (previously funded in FY 2023-24) (one-time) .....	20.0
Accountability administration / school turnaround hub.....	18.0
GSRP transportation (continued from FY 2024-25) (one-time) .....	18.0
LETRS: professional learning early literacy (continued from FY 2024-25) .....	10.0
FAFSA completion (continued from FY 2024-25) .....	10.0
Reading Corps. (continued from FY 2024-25) .....	5.0
Improving access to books (continued from FY 2024-25) .....	4.0
GSRP marketing (continued from FY 2024-25) .....	2.0
Nature Awaits.....	1.8
MERI partnership (continued from FY 2024-25) .....	1.0
Subtotal Appropriation New Programs.....	\$1,018.8

**FY 2025-26 GOVERNOR'S GROSS APPROPRIATION RECOMMENDATION  
PreK-12 SCHOOL AID APPROPRIATION CHANGES  
(millions of dollars)**

<b>Recommended Appropriation Increases in Existing Programs:</b>	
Foundation allowance: \$392 increase – 4.1% .....	\$516.0
Per-pupil mental health and school safety grants (continued from FY 2024-25) .....	125.0
At-risk pupil support base .....	42.3
GSRP base funding .....	21.1
Special education foundation payment .....	20.5
MI future educator student teacher stipend (continued from FY 2024-25) .....	20.0
Early literacy district grants .....	19.9
Special education millage equalization .....	15.0
Michigan future educator fellowship (continued from FY 2024-25) .....	10.0
Early On .....	4.7
Literacy coaches for pre-K to 5 teachers .....	3.3
ISD general operations support .....	3.2
Bilingual education .....	2.1
Michigan virtual high school (continued from FY 2024-25) (one-time) .....	1.8
Career and technical education .....	1.7
CEPI - State share .....	1.3
College and career readiness tools (MCAN) (continued from FY 2024-25) (one-time) .....	1.0
Advanced placement (AP) incentive program .....	1.0
Rural and isolated districts .....	0.5
Career and technical education/dual enrollment .....	0.4
MiSTEM network regions .....	0.3
CTE incentive payments .....	0.2
<b>Subtotal Appropriation Increases in Existing Programs .....</b>	<b>\$811.3</b>
<b>Recommended Appropriation Eliminations or Reductions:</b>	
Cyber school foundation reduction .....	(\$36.0)
Nonpublic school health/safety reimbursement .....	(1.0)
Robotics for nonpublic schools .....	(0.6)
<b>Subtotal Appropriation Eliminations or Reductions .....</b>	<b>(\$37.6)</b>
<b>TOTAL RECOMMENDED APPROPRIATION CHANGES .....</b>	<b>\$422.0</b>
