

# **FISCAL YEAR 2015-16 HIGHER EDUCATION APPROPRIATIONS REPORT**

**A REPORT TO THE  
HOUSE AND SENATE APPROPRIATIONS  
SUBCOMMITTEES ON HIGHER EDUCATION**

**Prepared by:**

**Marilyn Peterson, House Fiscal Agency  
Bill Bowerman, Senate Fiscal Agency**

**October 2015**

# **APPROPRIATIONS SUBCOMMITTEES ON HIGHER EDUCATION**

## **HOUSE SUBCOMMITTEE MEMBERS**

Rep. Michael McCready, Chair  
Rep. Paul Muxlow, Majority Vice Chair  
Rep. Rob VerHeulen  
Rep. Laura Cox  
Rep. Sam Singh, Minority Vice Chair  
Rep. Jeff Irwin  
Rep. Jon Hoadley

## **SENATE SUBCOMMITTEE MEMBERS**

Sen. Tonya Schuitmaker, Chair  
Sen. Peter MacGregor, Majority Vice Chair  
Sen. Curtis Hertel, Jr., Minority Vice Chair

## ACKNOWLEDGMENTS

---

Consistent with past practice, this report has been prepared to provide a precise record of how appropriation amounts in the 2015-16 Higher Education budget were calculated.

The report was prepared by Marilyn Peterson, Senior Fiscal Analyst, House Fiscal Agency, and Bill Bowerman, Associate Director, Senate Fiscal Agency.

Visit our web sites, [www.house.mi.gov/hfa](http://www.house.mi.gov/hfa) or [www.senate.michigan.gov/sfa](http://www.senate.michigan.gov/sfa), for a copy of this report.

## A. OVERVIEW

In FY 2011-12, the Higher Education budget was merged into the compiled School Aid Act (as Article III of that act), rather than being enacted as a standard one-year budget bill. The FY 2015-16 budget continues the practice of including the Higher Education budget in the School Aid Act. The Senate and House used separate vehicle bills to develop the FY 2015-16 Higher Education budget. The Senate version of the budget was contained in Senate Bill 134. House Bill 4115 contained the House version and was also used for the enacted Higher Education budget (as well as the other two major education-related budgets). Table 1 provides an overall summary of the Governor's recommended budget, the Senate- and House-passed versions, and the budget as enacted.

## B. UNIVERSITY OPERATIONS

Beginning with FY 2012-13, university funding increases have been allocated to individual universities using performance funding metrics. The performance funding formula has been used only to allocate year-over-year funding increases to Michigan's 15 public universities. Base appropriations are not directly affected by the formula, although the performance increases for each year have been rolled into the university's base amounts for the subsequent year.

The original formula for FY 2012-13 was the product of a compromise between different formulas proposed by the administration, House, and Senate for that year. Modifications to the formula were made as part of each subsequent year's budget processes.<sup>1</sup> While in FY 2014-15, half of the increase was distributed proportionately to universities based on their FY 2010-11 appropriations,<sup>2</sup> the FY 2015-16 budget excludes that component and, like FY 2014-15, utilizes six performance metrics to allocate funding:

- Undergraduate degree completions in critical skills areas
- Research and development expenditures
- Six-year graduation rate
- Total degree completions
- Institutional support expenditures as a percentage of total core expenditures
- Pell grant students, modified from the prior year to be based on the percentage of students receiving Pell grants, rather than the number of students receiving Pell grants.

For the first two components listed, funds are allocated to the universities in direct proportion to the metric. For the remaining four components, each university receives a score based on how its performance compares with national public peers and funds are allocated in proportion to each university's total score, weighted by the size of the university's undergraduate enrollment.

---

<sup>1</sup> For more detailed information on performance funding, please see Senate Fiscal Agency and House Fiscal Agency reports that can be accessed through the following links: <http://www.senate.michigan.gov/sfa/Publications/Notes/2014Notes/NotesSum14bb.pdf> and [http://www.house.mi.gov/hfa/PDF/HigherEducation/University\\_Performance\\_Funding\\_Formula\\_Memo\\_July2014.pdf](http://www.house.mi.gov/hfa/PDF/HigherEducation/University_Performance_Funding_Formula_Memo_July2014.pdf).

<sup>2</sup> This formula component helped to dampen any disproportionate impact of that year's comparatively large 5.9% funding increase, as well as helped to counterbalance FY 2011-12 across-the-board reductions to Higher Education.

Section 265a of the annual Higher Education budget act (MCL 388.1865a) describes the performance funding formula components in general terms, but the calculated performance funding amounts for each university are specifically appropriated in the budget act. These appropriations amounts are separate from the base ongoing operations appropriation for each university. Universities must comply with certain policy requirements in order to receive the performance funding amount.

More details on each of the performance metrics and requirements are provided below, focusing on the formula methodology utilized for the FY 2015-16 budget.

**Undergraduate Degree Completions in Critical Skills Areas<sup>3</sup>**

For FY 2015-16, \$4.5 million (22.2% of the university funding increase) is allocated based on the number of undergraduate degrees and certificates completed at each university in a critical skills area. Average weighted completions included in this component totaled 15,486, so each university receives \$288.43 per completion.

Data for this component are taken from the federal IPEDS database.<sup>4</sup> (The same data are also included in the state’s HEIDI database.<sup>5</sup>) Calculations are made based on a two-year average for the most recent years available (FYs 2012-13 and 2013-14 for the FY 2015-16 formula). For a number of universities, the number of annual completions moves up and down significantly every other year.

Completions are weighted based on the length of time it normally takes to complete the undergraduate degree or certificate. Degrees and certificates are weighted as follows:

<u>Category</u>	<u>Weight</u>
Bachelor’s Degree	1.000
Associate’s Degree	0.500
Certificates of more than 1 but less than 2 academic years	0.375
Certificates of less than 1 academic year	0.125

---

<sup>3</sup> Degree and certificate completions are reported based on the federal Classification of Instructional Programs (CIP).

<sup>4</sup> IPEDS stands for “Integrated Postsecondary Education Data System.” The IPEDS public website is available at: <http://nces.ed.gov/ipeds/>.

<sup>5</sup> HEIDI stands for “Higher Education Institutional Data Inventory.” Summary HEIDI data is available at: [http://www.house.mi.gov/hfa/PDF/HigherEducation/HEIDI\\_summary\\_data\\_FY16.pdf](http://www.house.mi.gov/hfa/PDF/HigherEducation/HEIDI_summary_data_FY16.pdf)

Program areas classified as “critical skills areas” are as follows:

- Agriculture, Agricultural Operations, and Related Sciences
- Architecture and Related Services
- Biological and Biomedical Sciences
- Communications Technologies/Technicians and Support Services
- Computer and Information Sciences and Support Services
- Construction Trades
- Engineering
- Engineering Technologies and Engineering-Related Fields
- Health Professions and Related Programs Sciences
- Mathematics and Statistics
- Mechanic and Repair Technologies/Technicians
- Military Technologies and Applied Sciences
- Natural Resources and Conservation
- Physical Sciences
- Precision Production
- Science Technologies/Technicians
- Transportation and Materials Moving

### **Research and Development (R&D) Expenditures**

For FY 2015-16, \$2.2 million (11.1% of the university funding increase) is allocated based on the level of research and development (R&D) expenditures made at each of the seven universities classified as a “research university” under the Carnegie Classification of Institutions of Higher Education: Michigan State, UM-Ann Arbor, Wayne State, Michigan Tech, Western, Central, and Oakland. (More information on Carnegie Classifications is presented in the next section.) Research and development expenditures at the seven universities totaled \$1.3 billion, so the eligible universities receive performance funding at a rate of \$0.0017 per dollar of R&D expenditures.

Data for this component is taken from the federal IPEDS database based on the most recent year available (FY 2012-13 for the FY 2015-16 formula).<sup>6</sup>

### **Carnegie Peer Comparison-Based Metrics**

For FY 2015-16, \$13.4 million (66.7% of the university funding increase) is based on four metrics under which universities are compared to their national peers. The four metrics are six-year graduate rate, total degree completions, institutional support as a

---

<sup>6</sup> This component originated as a new proposal included during conference committee negotiations for the FY 2012-13 Higher Education budget.

percentage of core expenditures, and the percentage of students receiving Pell grants. Total weighted scoring across the four metrics is 1,743,745 points, so universities receive \$7.68 per weighted point.

Universities are scored on their performance relative to public universities across the nation that have been classified into the same Basic Classification under the system developed and periodically updated by the Carnegie Foundation.<sup>7</sup> The primary basis for classification is the highest level (bachelor’s vs. master’s vs. doctoral) and quantity of instruction provided by a university. Level of research expenditure serves as a further basis for classification within the doctoral category. Under the 2010 edition of the classifications, Michigan’s universities are classified as follows:

<b>2010 Basic Carnegie Classifications</b>	
<b>Research Universities (very high research activity)</b>	Michigan State University of Michigan - Ann Arbor Wayne State
<b>Research Universities (high research activity)</b>	Michigan Tech Western Michigan
<b>Doctoral/Research Universities</b>	Central Michigan Oakland
<b>Master's Colleges and Universities (larger programs)</b>	Eastern Michigan Ferris State Grand Valley Saginaw Valley University of Michigan - Dearborn University of Michigan - Flint
<b>Master's Colleges and Universities (medium programs)</b>	Northern Michigan
<b>Baccalaureate Colleges–Diverse Fields</b>	Lake Superior State

<sup>7</sup> In recent years, the Carnegie Classification has been updated every five years, most recently in 2010. However, in 2015, responsibility for the Carnegie Classification of Institutions was transferred to Indiana University’s Center for Postsecondary Research, where a \$500,000 grant from Lumina Foundation will be used to “update and enhance the Carnegie Classification to reflect and accommodate an evolving higher education landscape” (Carnegie Foundation press release). A preliminary update is expected to be completed by late 2015, with a substantial revision and update of the classification by the end of 2018. For more information, see this website: <http://carnegieclassifications.iu.edu/>

Scores for each of the four components are awarded as follows:

- 3 points for top 20 percent nationally
- 2 points for above the national median
- 2 points for improving over a 3-year period

Section 265a also states legislative intent that the score for “improving over a 3-year period” will be reduced to 1 point for the FY 2016-17 budget. (The same language was included in the FY 2013-14 and FY 2014-15 budgets, but the change has not been implemented).

Scores are then totaled across the four Carnegie-based components and multiplied by the total number of undergraduate fiscal year equated students (FYES; a full-time equated measure of enrollment) at each university to correlate funding increases with university size. Both resident and nonresident students are included in the undergraduate FYES count. (Weighting based on FYES was not introduced until the FY 2013-14 budget. In FY 2012-13, smaller universities tended to receive larger percentage increases.) FYES data is taken from the state’s HEIDI database, utilizing the most recent year available (FY 2013-14 for the FY 2015-16 budget).

The data utilized for comparisons with national peers is (by necessity) taken from the federal IPEDS database. This creates a longer data lag. For the FY 2015-16 budget, FY 2011-12 data is utilized for the comparisons, with improvement being measured from FY 2008-09 to FY 2011-12. (The exception is the Pell Grant component, for which the comparison is over a two-year period because reporting of the data to IPEDS is mandatory only every other year.)

Over the four years the performance formula has been utilized, all calculations for the Carnegie-based components have been conducted by the Anderson Economic Group in conjunction with the Business Leaders of Michigan and the Presidents Council, State Universities of Michigan (now the Michigan Association of State Universities). The State Budget Office and House and Senate Fiscal Agencies utilize the scoring provided by those organizations in determining appropriation amounts throughout the state budget process.

The four Carnegie-based data components are as follows:

### **Six-Year Graduation Rate**

Federal graduation rates measure the percentage of first-time, full-time, degree seeking students at an institution that complete a bachelor’s degree within six years at the same institution. The rates are based on the group of students who started college six years prior to the year for which the rates are reported (FY 2005-06 for the FY 2011-12 rates). (Rates are also collected based on four- and five-year periods.) The subset of students included in the rate calculations does not include students transferring in from other institutions or enrolling on a part-time basis. A student transferring to another institution and completing a degree does not count as a successful completion at the original institution.

For the FY 2015-16 budget, four of the 15 universities were in the top 20% nationally for this measure and seven were above the national median. Of the remaining four universities, none had improved over the relevant three-year period.

### **Total Degree Completions**

This data component captures total degree and certificate completions at each university, including both undergraduate and graduate programs. Degrees and certificates in all program areas are included. This is a gross measure of degree productivity, with no control for university size, so a smaller university will face a larger challenge in reaching the top-20% or median marks nationally. For the FY 2015-16 budget, seven of the 15 universities were in the top 20% nationally for this measure and three were above the national median. Of the remaining five universities, three had improved over the relevant three-year period.

### **Institutional Support as a Percentage of Core Expenditures**

This data component serves as a measure of administrative efficiency. Under the federal IPEDS database, “core expenditures” are defined (in part) as “Total expenses for the essential education activities of the institution.” Institutional support is defined as:

*A functional expense category that includes expenses for the day-to-day operational support of the institution. Includes expenses for general administrative services, central executive-level activities concerned with management and long range planning, legal and fiscal operations, space management, employee personnel and records, logistical services such as purchasing and printing, and public relations and development. Also includes information technology expenses related to institutional support activities. If an institution does not separately budget and expense information technology resources, the IT costs associated with student services and operation and maintenance of plant will also be applied to this function.*

For the FY 2015-16 budget, one of the 15 universities was in the top 20% nationally for this measure and six were above the national median. Of the remaining eight universities, five had improved over the relevant three-year period.

### **Pell Grant Students**

This metric was added in FY 2014-15 and serves as a measure of access for low-income students. The Pell Grant is a federal financial aid grant awarded based on student financial need. The measure was refined in the FY 2015-16 budget to be based on the percentage of students receiving Pell grants, rather than the number of students receiving Pell grants, a change that reduces the competitive disadvantage that smaller schools experienced under the previous version.

For the FY 2015-16 budget, one university (Wayne State) was in the top 20% nationally for this measure and seven were above the national median. All seven of the remaining universities had improved over the relevant two-year period.

## Performance Funding Requirements

In order to qualify for the funding increase allocated to each university for FY 2015-16, a university must comply with four policy requirements:

- Comply with tuition restraint requirements under section 265 of the budget, which includes limiting the increase in resident undergraduate tuition and fees for FY 2015-16 to no more than 3.2%.
- Certify that the university participates in reverse transfer agreements with at least three Michigan community colleges (or has made a good faith effort to do so). A reverse transfer agreement allows a student who transfers from a community college to a four-year university and subsequently completes sufficient credits to receive an associate's degree to be awarded that degree by the community college.
- Certify that the university's dual enrollment policy does not consider use of dual enrollment courses toward high school graduation requirements as a consideration for awarding college credit for the courses.
- Participate in the Michigan Transfer Network, an online service for students that provides course transfer equivalencies across all public colleges and universities and most independent colleges and universities in the state.

Universities must certify that they have complied with these requirements by August 31, 2015. Any funds forfeited due to noncompliance are reallocated to compliant universities in proportion to their FY 2015-16 funding increase amounts.

On September 17, 2015, the State Budget Director reported that all universities except Eastern Michigan and Oakland had certified compliance with performance funding requirements. With tuition and fee increases of 7.78% at Eastern and 8.48% at Oakland, both universities forfeited their performance funding due to increases in excess of the 3.2% limit. Both institutions, were, however, in compliance with the other performance funding requirements. Under Sec. 265a of the budget act, the \$1,052,800 in performance funding initially appropriated to Eastern and the \$1,228,400 in performance funding initially appropriated to Oakland are forfeited and the combined \$2.3 million is distributed to the remaining universities in proportion to their initial performance funding appropriations.

Table 2 provides details on initial performance funding calculations and Table 3 provides details on the reallocation of the forfeited performance funding. Tables 4 through 7 detail the Governor's, House's, Senate's, and enacted versions of the FY 2015-16 Higher Education budget. Table 8 provides information on appropriations per fiscal-year-equated student (FYES).<sup>8</sup> Table 9 identifies the funding sources for each university's appropriation.

Note that, unless otherwise noted, tables in this document reflect initial university appropriation amounts, rather than amounts incorporating the reallocation of performance funding initially appropriated for Eastern and Oakland.

---

<sup>8</sup> One FYES is the equivalent of one student taking 30 credit hours during one fiscal year.

### **C. MICHIGAN PUBLIC SCHOOL EMPLOYEE RETIREMENT SYSTEM (MPSERS)**

Since FY 2012-13, the Higher Education budget has provided support for the seven universities (Central, Eastern, Ferris, Lake Superior State, Michigan Tech, Northern, and Western) with employees remaining in MPSERS.<sup>9</sup> The FY 2012-13 budget included \$446,200 and the FY 2013-14 budget included \$2.4 million to partially offset the universities' required contributions to MPSERS. The FY 2014-15 budget maintained the \$2.4 million appropriation<sup>10</sup> and added \$4.0 million in one-time funding from the State School Aid Fund.

For FY 2015-16, the budget assumes enactment of a statutory cap on employer contributions, and funds the resulting state share of MPSERS obligations with a \$5.2 million appropriation from the School Aid Fund. Associated boilerplate language (Sec. 246) specifies that the funding represents the difference between the unfunded actuarial accrued liability contribution rate and the maximum employer rate of 25.73% proposed under pending amendments to the MPSERS act. Boilerplate also specifies that the funds are to be allocated in proportion to the universities' FY 2014-15 combined MPSERS payroll amounts (including retirement system members and certain non-members).<sup>11</sup>

### **D. INDIAN TUITION WAIVERS**

In FY 1996-97, funding totaling \$2.4 million was added to university base appropriations for costs incurred by the universities under Public Act 174 of 1976, the Indian Tuition Waiver Act. Additional funding of \$1.4 million was allocated for this purpose in FY 2007-08. Table 10 lists, for each university, the FY 1996-97 tuition waiver amount added to the base, the FY 2007-08 allocation amount, and an adjustment for across-the-board changes to university appropriations since FY 1996-97. In FY 2014-15, half of the increased funding for university operations was distributed in proportion to FY 2010-11 appropriations for university operations, and thus constituted an across-the-board increase. The FY 2015-16 budget did not include any across-the-board adjustments. In addition, in FY 2014-15, \$500,000 was separately appropriated for Indian Tuition waivers and allocated among the universities according to the estimated funding shortfalls between appropriations and actual costs of the waiver. In FY 2015-16, this funding was incorporated into the base funding for universities based on waiver-eligible enrollment as a proportion of total enrollment.

Note that these calculations reflect historical appropriation adjustments related to Indian Tuition Waivers, but the budget article does not contain language formally allocating the funds for that purpose. Additionally, the FY 2015-16 budget continues allocations to Bay Mills Tribal College (\$100,000) and to Saginaw Chippewa Tribal College (\$29,700) for tuition waiver costs that are passed through the appropriations to Lake Superior State University and Central Michigan University, respectively, under sections 269 and 270 of the State School Aid Act.

---

<sup>9</sup> Employees hired at those universities since 1996 are not included in MPSERS. Employees at the eight other public universities were never included in MPSERS.

<sup>10</sup> Funded with \$2.0 million GF/GP and \$446,200 School Aid Fund (SAF) in FY 2013-14 and initially in FY 2014-15; a midyear supplemental appropriation act, however, changed the funding to all SAF for FY 2014-15 (2015 PA 5, enrolled HB 4110).

<sup>11</sup> Specifically, the computation is based on "each participating public university's percentage of the total combined payrolls of the universities' employees who are members of the retirement system and who were hired before January 1, 1996, and the universities' employees who would have been members of the retirement system on or after January 1, 1996, but for the enactment of 1995 PA 272."

## **E. MARTIN LUTHER KING, JR.-CESAR CHAVEZ-ROSA PARKS INITIATIVE**

There were no policy changes for the six King-Chavez-Parks (KCP) Programs for FY 2015-16. Table 11 provides an overview of funding for the \$1.8 million initiative. Table 12 lists the dollar amounts allocated from each university's appropriation for the College Day, Future Faculty, and Visiting Professors Programs. Because increases for university operations were based entirely on performance funding (with no across-the-board increase), amounts for each program are maintained at the FY 2014-15 level.

## **F. MSU AGBIORESEARCH AND EXTENSION**

The AgBioResearch and Extension programs operated by Michigan State University provide services throughout the state. Both programs received a 1.5% increase (\$480,400 for AgBioResearch and \$413,700 for Extension) over FY 2014-15 funding, the same percentage increase provided for university operations and the Tuition Grant Program. FY 2015-16 appropriation amounts are \$32.5 million for MSU AgBioResearch and \$28.0 million for MSU Extension. Boilerplate sets performance goals for the program (Sec. 263a).

## **G. STATE COMPETITIVE SCHOLARSHIPS**

Public Act 208 of 1964 created the State Competitive Scholarship Program, which provides grants to students who score well on the American College Test (ACT) and have demonstrated financial need. The FY 2015-16 appropriation for the program was maintained at \$18.4 million. Boilerplate (Sec. 251) specifies that the maximum award be at least \$575 (same as in the prior fiscal year), although the Department of Treasury was able to set the maximum award amount for FY 2015-16 to \$636 based on the number of eligible students.

For all three major state financial aid programs, state-level support continues to be funded primarily with federal Temporary Assistance to Needy Families (TANF) funding in order to improve the state's ability to meet federal TANF maintenance-of-effort (MOE) requirements.

## **H. TUITION GRANTS**

Public Act 313 of 1966 created the Tuition Grant Program, which provides grants to students with demonstrated financial need enrolled at Michigan independent colleges and universities. The FY 2015-16 budget increased the program's funding by 1.5% (\$503,000), bringing the total appropriation to \$34.0 million. Provisions capping total awards at any institution at \$3.2 million were retained, thereby limiting awards to students at Baker College and Davenport University. The maximum award amount specified in boilerplate language (Sec. 252) remains at \$1,512, although the Department of Treasury was able to set the maximum award amount for FY 2015-16 at \$1,830 based on available revenues and the anticipated number of eligible students.

See statement under State Competitive Scholarships regarding TANF funding.

## **I. TUITION INCENTIVE PROGRAM**

The Tuition Incentive Program (TIP) offers two years of associate's degree tuition (Phase I) and up to \$2,000 at a four-year institution (Phase II) for Medicaid-eligible middle school and high school students who proceed to graduate from high school. The FY 2015-16 budget funds the program at \$48.5 million, the same as originally appropriated in FY 2014-15; however, the final appropriation for FY 2014-15 was \$49.5 million, due to a midyear contingency fund transfer.

See statement under State Competitive Scholarships regarding TANF funding.

## **J. CHILDREN OF VETERANS TUITION AND OFFICER'S SURVIVOR TUITION GRANT PROGRAMS**

Public Act 248 of 2005 established a new Children of Veterans Tuition Grant Program (CVTGP) to replace a program that had been created by Public Act 245 of 1935, which was repealed. Public Act 195 of 1996 established the Officer's Survivor Tuition Grant Program. Both programs are now funded in the Higher Education budget. For FY 2015-16, total funding for the programs remains unchanged at \$1.4 million. Of that amount, \$100,000 is appropriated from contributions through the income tax check-off for the CVTGP, with the remainder funded from the GF/GP funds.

## **K. COLLEGE ACCESS PROGRAM**

The FY 2014-15 Higher Education budget provided \$2.0 million for the Michigan College Access Network, which seeks to increase college readiness, participation, and completion in Michigan through local college access networks, public awareness campaigns, and other efforts. In FY 2015-16, funding for the program was transferred from the Higher Education budget to the K-12 budget.

## **L. OTHER APPROPRIATIONS ITEMS**

Funding for dues to the Midwestern Higher Education Compact was increased to \$115,000, up from \$95,000 in FY 2014-15. Appropriations for other items in the Higher Education budget were maintained unchanged: \$3.2 million in federal funds for Project GEAR UP, and \$200,000 for maintenance of the Higher Education database.

## **M. APPROPRIATION ADJUSTMENT DETAIL**

This section, which starts on page 29, details appropriations adjustments for each university and other appropriation items.

## **N. BOILERPLATE REPORTS**

The final section of this report provides a detailed list of reports required from public universities and other entities under the FY 2015-16 Higher Education budget article.

**Table 1: FY 2015-16 HIGHER EDUCATION APPROPRIATION (2015 PA 85)**

University	FY 2014-15 Year-To-Date	Governor			Senate			House			Initial Appropriation		
		FY 2015-16	Dollar Change	Percent Change	FY 2015-16	Dollar Change	Percent Change	FY 2015-16	Dollar Change	Percent Change	FY 2015-16	Dollar Change	Percent Change

Scoring

- 3 = Top 20% nationally
- 2 = Above the national median
- 2 = Improving over 3 years

<b>FY16 Formula Funding:</b>	<b>\$20,099,400</b>
MSU AgBioresearch:	\$480,400
MSU Extension:	\$413,700
<b>Total New FY16 Funding:</b>	<b>\$20,993,500</b>

Notes:

1. The Business Leaders for Michigan & Anderson Economic Group is the source of all Carnegie-scored metric data. Methodology also provided by BLM/AEG. All data are from FY12, with growth compared to FY09, except Pell Grants, which compares FY12 to FY10.
2. Data for critical skills awards are from HEIDI. Average of FY13 and FY14 reported data. Methodology from FY15 enacted formula.
3. Data for research & development expenditures are from IPEDS from FY13. Methodology provided by BLM/AEG.
4. Institutional support as a percentage of core expenditures measures administrative spending. A lower percentage yields a better score.
5. The Pell Grants metric now measures the percentage of students receiving a Pell Grant at each campus instead of the absolute number.

<b>Note:</b>	Appropriation amounts reflect reallocation of performance funding due to Eastern's and Oakland's noncompliance with tuition restraint. Amounts do not include funding for MSPERS-related costs, MSU AgBioResearch, or MSU Extension, but do include a total of \$500,000 in funding for Indian Tuition Wavers added to baseline appropriations in FY 2015-16.				

**Table 10: INDIAN TUITION WAIVER PROGRAM**

University	Appropriation Added to Base in FY 1996-97	FY 2007-08 Allocation Based on Unfunded Costs	FY 2015-16 Adjustment <sup>1)</sup>	Adjustment for Across-the-Board Changes <sup>2)</sup>	Total Estimated FY 2015-16 Allocation
Central	\$144,117	\$151,000	\$49,800	(\$37,618)	\$307,299
Eastern	103,478	62,900	11,400	(20,443)	157,335
Ferris State	156,380	46,300	32,100	(23,860)	210,920
Grand Valley	114,121	169,200	20,500	(36,949)	266,872
Lake Superior	276,146	181,500	215,000	(56,523)	616,123
Michigan State	313,968	192,800	8,800	(62,308)	453,260
Michigan Tech	58,509	50,800	14,900	(13,755)	110,454
Northern	264,054	130,600	61,100	(47,851)	407,903
Oakland	50,610	50,300	7,800	(12,817)	95,893
Saginaw Valley	37,266	28,600	11,400	(8,221)	69,045
UM-Ann Arbor	432,567	139,500	4,400	(67,647)	508,820
UM-Dearborn	58,541	21,800	11,700	(9,576)	82,465
UM-Flint	54,531	21,100	21,900	(9,035)	88,496
Wayne State	169,537	94,700	10,100	(32,288)	242,049
Western	111,851	58,900	19,100	(20,786)	169,065
<b>Total</b>	<b>\$2,345,676</b>	<b>\$1,400,000</b>	<b>\$500,000</b>	<b>(\$459,676)</b>	<b>\$3,786,000</b>
<sup>1)</sup> FY 2014-15 included a separate \$500,000 appropriation to partially offset shortfalls between appropriations and actual costs of the waiver. That appropriation was rolled into appropriations for university operations in FY 2015-16. <sup>2)</sup> Adjustments in this column are based on funding increases since FY 1996-97 that were across-the-board (not performance-based). FY 2015-16 increases did not include any across-the-board adjustments.					
<b>Note:</b> Amounts shown reflect historical budget adjustments related to Indian Tuition Waivers; no formal earmark of funds is made in the budget act, except that \$100,000 is allocated to Bay Mills Tribal College through Lake Superior State's appropriation and \$29,700 is allocated to Saginaw Chippewa Tribal College through Central Michigan's appropriation (in addition to amounts shown above).					

**Table 11: MARTIN LUTHER KING, JR.-CESAR CHAVEZ-ROSA PARKS INITIATIVE**

<b>King-Chavez-Parks Program Components:</b>	<b>FY 2015-16 Funding</b>	
College Day - students in grades 6-11 visit campuses .....	\$1,009,171	Allocations from each university's operations appropriations
Future Faculty Fellowships - stipends for graduate students pursuing postsecondary teaching .....	1,022,195	
Visiting Professors - payments for visiting professors who lecture on campuses .....	<u>143,055</u>	
Subtotal .....	\$2,174,421	
Select Student Support Services - grants for student retention projects .....	\$1,956,100	Appropriated in a separate unit as grant programs
College/University Partnership - grants to increase number of transfer students .....	586,800	
Morris Hood, Jr. Educator Development - grants to increase completion of K-12 teaching degrees ..	<u>148,600</u>	
Subtotal .....	\$2,691,500	
<b>Total</b> .....	<b><u>\$4,865,921</u></b>	

**Table 12: FY 2015-16 ALLOCATIONS FOR COLLEGE DAY, FUTURE FACULTY, AND VISITING PROFESSORS**

University	College Day	Future Faculty	Visiting Professors
Central .....	\$75,828	\$101,135	\$9,537
Eastern .....	90,119	100,864	9,537

**Notes:**

- 1) Per HEIDI reporting requirements, and consistent with Sec. 265 of the State School Aid Act, rates are reported based on four class levels. Rates are based on 30 credit hours (15 in Fall, 15 in Winter/Spring) and exclude fees not paid by a majority of students in a given class (most course fees), as well as refundable fees.
- 2) University Specific Notes:  
 Lake Superior – FY 2014-15 rates are adjusted consistent with FY 2015-16 total charges that include fees paid by all incoming freshmen and transfer students.  
 Michigan Tech – Assumes engineering/computer science majors (majority of MTU enrollment).  
 UM-Ann Arbor - Rates are for College of Literature, Science, and Arts.  
 UM-Dearborn - Rates are for College of Arts, Sciences, and Letters.
