OVERVIEW

The information in this document is based on reports filed by State departments and agencies pursuant to Section 396(3) of The Management and Budget Act (Public Act 431 of 1984). Based on the amounts reported, the State of Michigan paid \$40,535,398 for judgments and settlements in fiscal year (FY) 1999-2000. Of the 125 cases that resulted in payments, 30 were judgments totaling \$8,031,551, and 95 were settlements totaling \$32,503,847. Payments in FY 1999-2000 exceeded the \$12,684,878 paid in FY 1998-99 by \$27,850,520 (219.6%). A majority of the increase can be attributed to the \$16,225,000 payment in U.S. v State of Michigan (consent decree resulting from fishing rights of Native Americans pursuant to 1836 Treaty), a \$7,971,833 increase in Michigan Department of Transportation payments, and a \$3,684,989 increase in Department of Corrections payments.

The funding sources for payments in FY 1999-2000 were as follows:

Funding Source	Amount	Percent
State General Fund	\$24,062,427	59.4
State Trunkline Fund	13,046,755	32.2
Other State Restricted Funds	1,797,957	4.4
State School Aid Fund	1,628,259	4.0
Total:	\$40,535,398	100.0

Tables on pages 3, 4, and 5 provide a 10-year history (FY 1990-91 through FY 1999-2000) of payments made by the State of Michigan. Table 1 provides information on total payments (judgments and settlements), Table 2 lists payments resulting from judgments only, and Table 3 lists settlements. A summary of departments that made payments totaling over \$1,000,000 begins on page 6. The FY 1999-2000 reports submitted by State departments and agencies follow beginning on page 9. For each payment the name of the case is listed along with information regarding the funding source, the county where the cause of action arose, and a brief description of the plaintiff's allegation (summary of case). This report does not include payments resulting from workers' compensation and unemployment claims. Also, Table 5 on page 9 shows a history of payments from the State's Risk Management Fund for automotive liability; payments from the Fund are not included elsewhere in the report.

PAYMENTS BY DEPARTMENTS

Five State departments made payments totaling over \$1,000,000. Table 4 summarizes the number of cases and payments by department.

Table 4

FY 1999-2000 PAYMENTS BY DEPARTMENT

OTHER DEPARTMENTS	37	29.6	1,090,639	2.7
TOTAL:	125	100.0	\$40,535,398	100.0

DEPARTMENT OF CORRECTIONS

The Department of Corrections made payments in 35 cases totaling \$5,465,079. This represents an increase of \$3,684,989 (207.0%) from the \$1,780,090 paid in FY 1998-99 for 40 cases. One case involving failure to protect a prisoner, Nunn v MDOC, accounted for \$3,787,000 (69.3%) of the total payments made by the Department of Corrections. The lowest payment was \$35. The median payment was \$15,000. There were 10 cases listing employee discrimination as the cause of action that accounted for payments totaling \$682,000.

DEPARTMENT OF EDUCATION

The \$1,628,259 payment by the Department of Education represents continuing payments in the Berry v Benton Harbor Area School District desegregation case. State payments in that case have totaled \$59,918,717 from FY 1980-81 through FY 1999-2000. The Defendants in the case included the Benton Harbor Area School District, the Coloma School District, the Eau Claire School District, the Berrien County Intermediate School District, the State Board of Education, and the State Superintendent of Public Instruction. The United States District Court for the Western District of Michigan, Southern Division, directed the State of Michigan to pay certain expenses related to the court's desegregation remedy plan detailed in the court's order dated May 1, 1981. Most of the payments related to maintenance funding to school districts for students who elected to transfer to another school district and transportation costs. Settlements reached with the Eau Claire School District and Coloma School District modified the State's school aid funding

obligations to those school districts beginning with FY 1995-96 and in subsequent fiscal years. No settlement has been reached with the Benton Harbor Area School District.

DEPARTMENT OF ENVIRONMENTAL QUALITY

Fiscal year 1999-2000 payments by the Department of Environmental Quality in three cases totaled \$1,516,756 compared with the \$10,998 paid for two cases in FY 1998-99. One case involving indemnification by the State of a liable party at a Superfund site, Cordova Chemical Company v State of Michigan, accounted for \$1,500,000 (98.9%) of total payments by the Department.

DEPARTMENT OF NATURAL RESOURCES

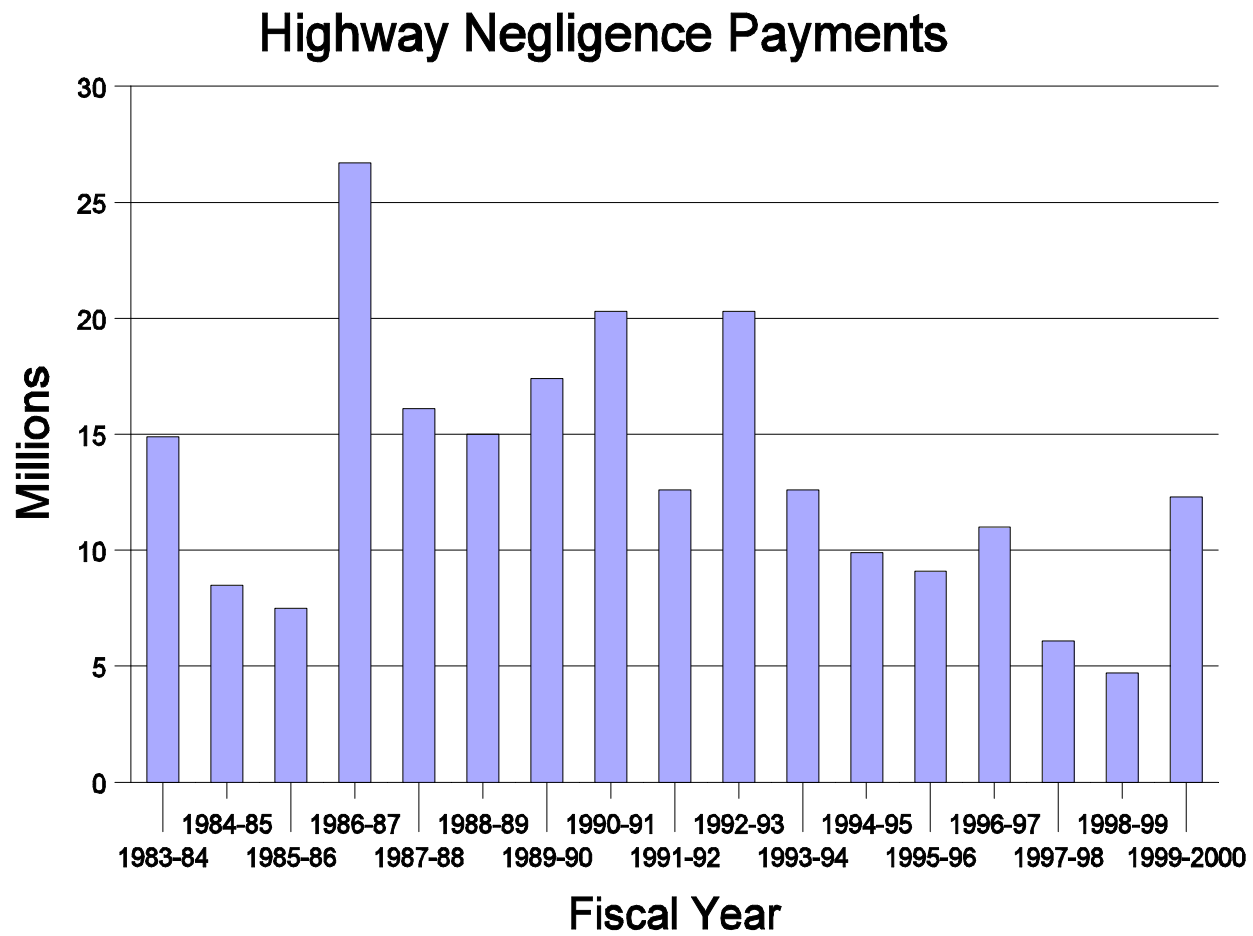

Payments by the Department of Natural Resources in 10 cases totaled \$17,787,910, representing an increase of 849.7% from the \$1,872,915 paid in FY 1998-99 for 13 cases. The consent decree in U.S. v State of Michigan, which involved Native American fishing rights pursuant to an 1836 Treaty, accounted for \$16,225,000 (91.2%) of total payments by the Department. The consent decree, in addition, provided for \$8,250,000 from the United States Department of Interior. The remaining payments for lawsuits by the Department of Natural Resources ranged from \$1,000 in GE Capital v State of Michigan to \$1,388,098 for a motor vehicle fatality in Chase v MDNR. There was a payment of \$1,253,672 for the Chase litigation in FY 1998-99. Seven cases resulted in payments of \$20,000 or less.

DEPARTMENT OF TRANSPORTATION

Department of Transportation payments in 39 cases totaled \$13,046,755, representing an increase of \$7,971,833 (157.1%) from the \$5,074,922 paid in FY 1998-99 for 37 cases. Payments ranged from \$500 for alleged unsafe all-way yellow flashers in Bonomo v MDOT to \$2,875,000 in Meek v MDOT for alleged failure to properly sign and design and failure to provide adequate traffic control devices for a curving freeway ramp. Thirty-four highway negligence cases accounted for \$12,336,500 (94.6%) of Department of Transportation payments. Eight highway negligence cases with payments exceeding \$400,000 accounted for \$10,331,000 (83.7%) of highway negligence payments in FY 1999-2000. The median highway negligence payment was \$97,500.

From FY 1983-84 through FY 1999-2000 the State has paid \$225 million resulting from 1,087 highway negligence cases. Figure 1 below shows highway negligence payments attributed to each fiscal year.

RISK MANAGEMENT FUND

The Risk Management Fund was administratively established to account for specific centralized risk management functions performed by the Department of Management and Budget for all State agencies. Effective July 1, 1992, the State became self-insured for automotive liability claims. Motor transport charges to State departments and agencies include a cost associated with projected automotive liability. This amount is deposited in the State's Risk Management Fund. Automotive liability payments that do not exceed \$1,000,000 are paid from the Fund. [Table 5](#) provides a history of payments from the Fund. Amounts are reported based on the fiscal year in which the payment was made, and therefore do not necessarily reflect the year in which the liability occurred.
