## OVERVIEW

The information in this document is based on reports filed by State departments and agencies under Section 396(3) of the Management and Budget Act (Public Act (PA) 431 of 1984), which is included in [Appendix A](#). Based on the amounts reported, the State of Michigan paid \$74.3 million for judgments and settlements in fiscal year (FY) 2021-22. Of the 164 cases that resulted in payments, 14 were judgments totaling \$10.5 million, and 150 were settlements totaling \$63.8 million.<sup>1</sup>

Total payments in FY 2021-22 were \$32.1 million (76.2%) higher than the \$42.2 million reported in FY 2020-21. The department with the largest increase in payments from FY 2020-21 to FY 2021-22 was the Department of State Police (MSP) with an increase of \$14.4 million above the previous year's total of \$4.3 million (an increase of 338.2%). The department with the largest decrease in payments from FY 2020-21 to FY 2021-22 was the Department of Military and Veterans Affairs (DMVA) with a decrease of \$775,000 below the previous year's total of \$775,000 (a decrease of 100%).

The tables on pages 2, 3, and 4 provide a 10-year history (FY 2012-13 through FY 2021-22) of payments made by the State of Michigan. [Table 1](#) provides information on total payments (judgments and settlements), [Table 2](#) lists payments resulting from judgments only, and [Table 3](#) lists settlements. Judgments are court orders acknowledging a plaintiff has prevailed over a defendant, most commonly after a trial. Settlements are agreements between the parties in dispute to resolve the litigation prior to trial. [Table 4](#) and the following narrative provide a summary of departments with payments totaling over \$1.0 million. [Table 5](#) on page 7 provides a history of Wrongful Imprisonment Compensation Fund payments, which began in FY 2016-17. [Table 6](#) on page 8 includes a history of payments from the State's Risk Management Fund for automotive liability. Payments from the Fund historically have not been included in amounts reported by departments. Also, small claims approved by the State Administrative Board are not included in this report. [Table 7](#) and the information on pages 9 and 10 provide an overview of cases that resulted in payments to the State.

The FY 2021-22 reports submitted by State departments and agencies on payments made by the State follow in [Appendix B](#), beginning on page 12. For each payment, the name of the case is listed along with information regarding the funding source, the county where the cause of action arose, and a brief description of the cause of action (summary of case). This report does not include payments resulting from workers' compensation or unemployment claims.

<sup>1</sup> The number of cases does not reflect total cases from Treasury. The Department of Treasury does not provide detail on various tax-related cases and various home protection unit victim reimbursement cases because of confidentiality requirements under Michigan Compiled Laws (MCL) 205.28(1)(f). Cases identified as "various" under Treasury in [Appendix A](#) are counted as a single case for the purposes of this report.

Corrections

The Department of Corrections made payments in 115 cases totaling \$33.9 million in FY 2021-22, an increase of 15 cases and \$12.8 million in total payments from the previous fiscal year. The smallest payment was a settlement of \$25, of which there were three: an inmate alleged he did not receive his stimulus payment; an inmate alleged his medical accommodations were not followed, and an inmate alleged retaliation for not obeying orders. The largest payment totaled \$25.0 million for the settlement of a class action suit alleging that youthful inmates were housed with adults, endured sexual assaults by inmates and staff, were trafficked among other inmates, and were placed in solitary confinement after reporting incidents of abuse. The \$25.0 million settlement payment in October 2021 was the third of four payments; the remaining payment was \$15.0 million on October 15, 2022 and will be included in the Lawsuit Report for FY 2022-23.

The Department also made a \$2.2 million payment and a \$1.5 million payment to settle allegations related to two separate prisoner deaths for a failure to protect. The Department made a \$1.2 million payment to an employee for harassment and retaliation. Excepting the four large payments described above, the average amount of the remaining 111 payments was \$36,566.05. The median payout amount for all 115 cases was \$500. All cases that involved payments made by the department were settlements. The Department made no payments on judgments.

Health & Human Services

The Department of Health and Human Services settled seven cases in FY 2021-22 for a total of \$2.0 million, an increase of two cases and \$0.6 million from the previous year. The payments included a settlement payment of \$1.0 million after multiple plaintiffs alleged a state hospital unlawfully committed them to involuntary confinement in violation of their civil rights under the American’s with Disabilities Act. A

separate claim settled for \$550,000 when multiple plaintiffs alleged the Department violated their religious freedom by requiring them not to discriminate against same-sex couples. All payments made by the Department were settlements.

### State Police

The Department of State Police made fifteen settlement payments in FY 2021-22 totaling \$18.7 million and two judgment payments totaling \$7,045. Five settlements exceeded \$1.0 million in FY 2021-22. Two of those settlements, at \$1.2 million and \$7.4 million, were related to hiring practices that resulted in an alleged disparate impact in violation of the Elliott-Larsen Civil Rights Act (ELCRA). A third settlement under ELCRA for \$2.0 million was finalized after a class filed suit challenging the Department's policies for high-speed chases in urban neighborhoods, which the class alleged made certain city streets more dangerous. One settlement, at \$1.5 million, concerned the fees and costs associated with a class action in regard to the Department's enforcement of Michigan's Sex Offender Registry Act with knowledge that certain provisions of the act were unconstitutional. Lastly, a former state trooper settled his claim under Michigan's Persons with Disabilities Civil Rights Act for \$6.0 million when he was forced to retire after sustaining a head injury and permanently losing his sense of smell.

### Transportation

The Department of Transportation (MDOT) settled two cases in excess of \$1.0 million and four cases overall for a total of \$3.4 million. One case settled for \$1.8 million after an MDOT truck struck and killed a pedestrian. Another matter settled for \$1.2 million after a piece of concrete smashed through a driver's windshield on westbound I-696 causing severe injuries.

### Treasury

The Department of Treasury made payments totaling \$16.1 million in FY 2021-22, up from \$13.6 million from the previous fiscal year. Judgments and settlements designated as "Various for Tax Related Cases" accounted for \$5.3 million of FY 2021-22 payments made by the Department. Details on these cases are not provided because of MCL 205.28(1)(f). That section of the law provides, in part:

Except as otherwise provided in this subdivision, in subsection (6) or (7), or in section 23a, an employee, authorized representative, or former employee or authorized representative of the department or anyone connected with the department shall not divulge any facts or information obtained in connection with the administration of a tax or information or parameters that would enable a person to ascertain the audit selection or processing criteria of the department for a tax administered by the department.

All judgments against the Department of Treasury, of which there were 12 totaling \$10.4 million, concerned wrongful imprisonment payments.<sup>2</sup>

---

<sup>2</sup> Nota bene: Sec. 5 of the Wrongful Imprisonment Compensation Act requires judgments be issued for successful claims under the act; judgments against the Department of Treasury under the Act do not infer wrongdoing or liability on behalf of the Department.

### Wrongful Imprisonment Compensation Fund Payments

The Wrongful Imprisonment Compensation Act (PA 343 of 2016) was enacted in 2016. The Act established a procedure by which an exonerated individual may file a claim for wrongful imprisonment, created the Wrongful Imprisonment Compensation Fund, and standardized payments for those wrongfully convicted at \$50,000 for each year of incarceration. When the Act was enacted, 66 individuals had been exonerated in Michigan since 1989. Over the last six fiscal years, judgments have been paid from the Fund for 63 separate claims.

Twelve judgments under the Wrongful Imprisonment Compensation Act totaled \$10.4 million in FY 2021-22, up \$0.1 million from the previous fiscal year, which had 16 judgments for a total of \$10.3 million in payments.

Table 5 provides a history of wrongful imprisonment payments by fiscal year since the Wrongful Imprisonment Compensation Act was passed.

**RISK MANAGEMENT FUND**

The Risk Management Fund was established administratively to account for specific centralized risk management functions performed for all State agencies by the Department of Management and Budget (now the Department of Technology, Management, and Budget). Effective July 1, 1992, the State became self-insured for automotive liability claims. Motor transport charges to State departments and agencies include a cost associated with projected automotive liability. This amount is deposited in the State's Risk Management Fund. Automotive liability payments that do not exceed \$1.0 million are paid from the Fund. Table 6 provides a history of payments from the Fund for the past 30 years. Amounts are reported based on the fiscal year in which the payment was made and, therefore, do not necessarily reflect the year in which the liability occurred.

**PAYMENTS TO THE STATE OF MICHIGAN**

Table 7 and the following information provide a summary of FY 2021-22 lawsuit payments to the State as reported by departments under Section 396(3) of the Management and Budget Act.

**Table 7**

<b>FY 2020-21 JUDGMENTS AND SETTLEMENTS PAID TO THE STATE (Actual Dollars)</b>

<b>TOTAL.....</b>	<b>\$366,300,829.21</b>

Corrections

All of the payments listed by the Department of Corrections resulted from judgments filed under the State Correctional Facility Reimbursement Act. The Department reported 209 cases with net payments to the State totaling \$2.6 million. Payments to the State ranged from \$100 to \$461,762.61. All but two cases resulted in a payment to the State of less than \$100,000, with an average payment of \$12,440.75.

Education

The Department of Education had a single settlement payment for FY 2021-22 to return grant money amounting to \$1.2 million after the grantee dissolved.

Environment, Great Lakes, & Energy

The \$34.0 million recovered by the Department of Environment, Great Lakes, and Energy (EGLE) in FY 2021-22 mainly involved reimbursement for environmental contamination and other violations of the Natural Resources and Environmental Protection Act. Recoveries in those cases were deposited into various funds (e.g., Environmental Response Fund, Environmental Pollution Protection Fund, and General Settlement Fund). Settlement revenue is restricted by legal agreements or court orders for specific environmental cleanup activities at specific sites of environmental contamination or restricted to other environmental programs as appropriated. Of the 231 cases reported by EGLE, 44 were judgments totaling \$1.5 million, and 187 were settlements totaling \$32.4 million.

The largest payment reported was \$29.2 million from Premcor Refining Group Inc. for violations of the Natural Resources and Environmental Protection Act. In total, 79 sites throughout the State were found to have leaks from underground storage tanks. The full settlement amount for these violations was \$35.2 million.
