OVERVIEW

The information in this document is based on reports filed by State departments and agencies under Section 396(3) of the Management and Budget Act (Public Act (PA) 431 of 1984), which is included in Appendix A. Based on the amounts reported, the State of Michigan paid $38.0 million for judgments and settlements in fiscal year (FY) 2024-25. Of the 221 cases that resulted in payments, 16 were judgments totaling $7.2 million, and 205 were settlements totaling $30.9 million.[1]

Total payments in FY 2024-25 were $44.4 million (62.2%) less than the $82.4 million reported in FY 2023-24. The department with the largest increase in payments from FY 2023-24 to FY 2024-25 was the Department of Corrections, with an increase of $3.9 million above the previous year's total of $3.1 million (an increase of 123.7%). Followed closely behind was the Department of Health and Human Services with an increase of $3.9 million, a 1,306.4% increase from the prior year's total of $295,322.50. The department with the largest decrease in payments from FY 2023-24 to FY 2024-25 was the Department of Labor and Economic Opportunity with a total of $32,500.00, well below the previous year's total of $55.0 million (a decrease of 99.9%).

The tables on pages 2, 3, and 4 provide a 10-year history (FY 2015-16 through FY 2024-25) of payments made by the State of Michigan. Table 1 provides information on total payments (judgments and settlements), Table 2 lists payments resulting from judgments only, and Table 3 lists settlements. Judgments are court orders acknowledging a plaintiff has prevailed over a defendant, most commonly after a trial. Settlements are agreements between the parties in dispute to resolve the litigation, most often prior to trial. Table 4 on page 5, and the narrative that follows it, provides a summary of departments with payments totaling over $1.0 million in FY 2024-25. Table 5 on page 7 provides a history of Wrongful Imprisonment Compensation Fund payments, which began in FY 2016-17. Table 6 on page 8 includes a history of payments from the State's Risk Management Fund for automotive liability. Payments from the Fund historically have not been included in amounts reported by departments. Also, small claims approved by the State Administrative Board are not included in this report. Table 7 and the information on pages 9 and 10 provide an overview of cases that resulted in payments to the State.

The FY 2024-25 reports submitted by State departments and agencies on payments made by the State follow in Appendix B, beginning on page 12. For each payment, the name of the case is listed along with information regarding the funding source, the county where the cause of action arose, and a brief description of the cause of action (summary of case). This report does not include payments resulting from workers' compensation or unemployment claims.

[1] The number of cases does not reflect total cases from Treasury. The Department of Treasury does not provide detail on various tax-related cases and various home protection unit victim reimbursement cases because of confidentiality requirements under Michigan Compiled Laws (MCL) 205.28(1)(f). Cases identified as "various" under Treasury in Appendix A are counted as a single case for the purposes of this report.

PAYMENTS BY DEPARTMENTS

In FY 2024-25, five State departments made payments totaling more than $1.0 million. Table 4 and the following narratives summarize these payments.

Table 4

FY 2024-25
PAYMENTS BY DEPARTMENT

DEPARTMENT	STATE PAYMENTS	PERCENT OF TOTAL
Agriculture & Rural Development	$3,250,000.00	8.5%
Corrections	7,009,624.45	18.4
Health & Human Services	4,153,395.00	10.9

Treasury	6,767,918.42	17.8
Other Departments	1,534,192.00	4.0
TOTAL	**$38,042,137.87**	**100.0%**

Agriculture & Rural Development

The Department of Agriculture and Rural Development made a single settlement payment of $3.3 million to a decedent's estate after the decedent died from a chemical exposure to hazardous chemicals while cleaning a dairy tank. The estate claimed the Department's dairy inspector was negligent when instructing the decedent on how to apply a dangerous cleaning chemical. Notably, the claim survived an appeal based on governmental immunity because of the circumstances in the case; by instructing the plaintiffs on how to clean the dairy tank, the State employee assumed a duty of care sufficient to overcome governmental immunity.

Corrections

The Department of Corrections made payments in 161 cases totaling $7.0 million in FY 2024-25, a decrease of five cases and an increase of $3.9 million in total payments from the previous fiscal year. The smallest payment was a settlement of $16.97 for an allegation of staff retaliation. Three payments exceeded $1.0 million: a settlement of $2.4 million regarding an allegation of discrimination and two judgments for $2.6 million and $1.3 million related to preventable prisoner deaths and bodily injury, respectively, at the Macomb County Correctional Facility in 2022.

Health & Human Services

The Department of Health and Human Services settled six cases totaling $4.2 million and made no payments on judgments. The smallest payment was $6,068.00 for attorney's fees for a Freedom of Information Act claim. The largest settlement was for $3.5 million in a class action suit alleging that medically necessary intensive home and community-based services were not provided in a timely manner to Medicaid-eligible children, as required by Federal provisions. Those provisions, called Early and Periodic Screening, Diagnostic, and Treatment provisions, require states to provide Medicaid-eligible children with dental, mental health, and specialty services.

State Police

The Department of State Police made 16 payments in FY 2024-25 totaling $15.3 million, 13 of which were settlements. Three settlements exceeded $1.0 million in FY 2024-25. The largest was a settlement for $9.3 million in which it was alleged that a State Police lieutenant and an assistant attorney general deliberately, or recklessly, disregarded the truth while pursuing sexual abuse charges against a man involved in a custody dispute with his former wife. The plaintiff was held in solitary confinement for five months and, as per his complaint for relief, suffered irreparable damage to his reputation. He won a jury verdict of nearly $60.0 million against multiple individuals representing local and state law enforcement agencies. The settlement resolved only the damages award against one of the defendants, State Police lieutenant.

A settlement for $3.5 million was agreed to in regard to a June, 2022 incident in which a State trooper, in a State-owned vehicle, struck another vehicle with two occupants, one of whom sustained fatal injuries. The complaint alleged negligent operation of a motor vehicle by the trooper, an exception to governmental immunity under MCL 691.1405.

A third settlement of $1.5 million was paid after bystanders were injured or killed as a result of police chases through residential neighborhoods. Governmental immunity did not apply, as the case was filed under the Elliott-Larsen Civil Rights Act. This settlement was previously reported by the Department of State Police for FY 2023-24. As noted in last year's report, the Department has since changed its policy regarding high-speed pursuits.[2]

Treasury

The Department of Treasury made payments totaling $6.8 million in FY 2024-25, down $1.1 million from the previous fiscal year. Four judgments against the Department, totaling $3.0 million, concerned wrongful imprisonment payments.[3] The Department settled 19 cases for $3.8 million. All settlements concerned tax foreclosure sales proceeds, or tax-related cases, and none of them exceeded $1.0 million.

[2] See Michigan State Police Order No. 10-20, March 14, 2024.

[3] Nota bene: Section 5 of the Wrongful Imprisonment Compensation Act requires judgments be issued for successful claims under the Act; judgments against the Department of Treasury under the Act do not infer wrongdoing or liability on behalf of the Department of Treasury.

Wrongful Imprisonment Compensation Fund Payments

The Wrongful Imprisonment Compensation Act (PA 343 of 2016) was enacted in 2016. The Act established a procedure by which an exonerated individual may file a claim for wrongful imprisonment, created the Wrongful Imprisonment Compensation Fund (the Fund), and standardized payments for those wrongfully convicted at $50,000.00 for each year of incarceration. When the Act was enacted, 66 individuals had been exonerated in Michigan since 1989. Over the last eight fiscal years, judgments have been paid from the Fund for 82 separate claims.

Four judgments under the Wrongful Imprisonment Compensation Act totaled $3.0 million in FY 2024-25, down $3.9 million from the previous fiscal year, which had seven judgments for a total of $6.9 million in payments.

Table 5 provides a history of wrongful imprisonment payments by fiscal year since the Wrongful Imprisonment Compensation Act was enacted.

RISK MANAGEMENT FUND

The Risk Management Fund was established administratively to account for specific centralized risk management functions performed for all State agencies by the Department of Management and Budget (now the Department of Technology, Management, and Budget). Effective July 1, 1992, the State became self-insured for automotive liability claims. Motor transport charges to State departments and agencies include a cost associated with projected automotive liability. This amount is deposited in the State's Risk Management Fund. Automotive liability payments that do not exceed $1.0 million are paid from the Fund. Table 6 provides a history of payments from the Fund for the past 32 years. Amounts are reported based on the fiscal year in which the payment was made and, therefore, do not necessarily reflect the year in which the liability occurred.

PAYMENTS TO THE STATE OF MICHIGAN

Table 7 and the following information provide a summary of FY 2024-25 lawsuit payments to the State as reported by departments under Section 396(3) of the Management and Budget Act.

Table 7

FY 2024-25 JUDGMENTS AND SETTLEMENTS PAID TO THE STATE (Actual Dollars)

DEPARTMENT	Amount
Corrections	$3,606,540.69
Environment, Great Lakes, & Energy	8,705,571.38

Transportation	1,274,688.13
Treasury	250,818,099.77
TOTAL	**$266,017,738.78**

Corrections

All of the payments listed by the Department of Corrections in FY 2024-25 resulted from state filings under the State Correctional Facility Reimbursement Act. The Department reported 200 judgements totaling payments to the State of $3.5 million and four settlements totaling $65,034.28. Payments to the State ranged from $200.00 to $247,232.25. All but four cases resulted in a payment to the State of less than $100,000.00, with an average payment of $17,679.12 and a median payment of $9,337.38.

Environment, Great Lakes, & Energy

The $8.7 million recovered by the Department of Environment, Great Lakes, and Energy (EGLE) in FY 2024-25 mainly involved reimbursement for environmental contamination and other violations of the Natural Resources and Environmental Protection Act. Recoveries in those cases were deposited into various funds (e.g., General Settlement Fund, Environmental Pollution Protection Fund, Environmental Response Fund, and Oil & Gas Regulatory Fund). Settlement revenue is restricted by legal agreements or court orders for specific environmental cleanup activities at specific sites of environmental contamination or restricted to other environmental programs as appropriated. Of the 280 cases reported by EGLE, 51 were judgments totaling $2.1 million, and 229 were settlements totaling $6.6 million.

Natural Resources

The Department of Natural Resources (DNR) reported four judgments and three settlements in FY 2024-25 with payments to the State totaling $1.6 million. Payments to the DNR ranged from a judgment of $177.81 for restitution from break-in damage to fee pipes at the Clear Lake State Park to a payment of $1.0 million via consent decree with Dow Chemical for contamination of the Tittabawassee River.

Transportation
